

Women empowerment cell
Health awareness programme

A health awareness programme was organised on 4 -1-2022 . Principal madam addressed the students and she motivated students to take care of their health . And we invited Dr k. swati gynaecologist of swati hospitals nidadavolu . Dr Swati spoke about anaemia and gynaec problems .she explained how important it is to take healthy foods and be stress free . and she answered questions asked by the students . It's a highly knowledgeable program .
