DESCRIPTION OF FOLDER CONTENTS
Documents related to 2022 proposal by IOI to the Hobbiton Digital Library, Middle Earth, for IOI to "review key aspects of the organization" and give "recommendations for moving the project forward on a sustainable path to future growth" with respect to HDL's open source XYZ Tool (https://www.hobbitondl.org/xyztool).

"HDL would like to have an actionable plan that grows the user community, increases revenue, and secures the financial future of the service so it can continue to provide value for those seeking an open source alternative to commercial solutions that meets a key need in university research management."
