The depth of this group continues to impress. Camille took an easy win over the girl from Mountain House. We then took places 3,4,5,6,7 to win with a very low 19 points! Too many girls had PRs to list. Suffice to say that this group is working well!

This group is improving, but still has a long way to go. Silvano had a good race to finish 6th, only 9 seconds out of first. You'll get em all next time kid! Dario had a huge improvement to place as our 5th scorer. Overall this group needs to toughen up a bit. You guys aren't anywhere near getting the most out of yourselves!

For a race that had the feel of a flat effort, we ran pretty darn well. Esme almost PR'ed on the course for 3rd while Elizette and Emily took the top 2 spots. Solid efforts from the rest of the group. Gotta keep pushing forward

We still haven't put a full team race together. David didn't race due to illness and JP ran sick but finished poorly. Christian is still not ready to race....maybe 2 more weeks until go time for him. Despite these factors, we still managed to move up one spot from 5th to 4th. When we have a full squad together, we are going to surprise some people. Nice PRs from Trace, Murphy, and Tanner.
