

## **Bombshells**

This world keeps on rotating  
And it's always changing who we are  
I can see that the past is fading  
But the future is waiting here to start

Then it hit me and it blew my mind  
Like a bombshell every time  
Seize the moments and see the signs  
This world is ours  
Yours and mine, mine mine

If your world gets tilted sideways  
And you've lost your highway home  
Through the clouds all the stars are shining  
And the silver lining glows

Then it hit me and it blew my mind  
(Blew my mind)  
Like a bombshell every time  
(Bombshell every time)  
Seize the moments and see the signs  
(See the signs)  
This world is ours  
Yours and mine, mine mine

On the right track  
On the right track, get on  
On the right track  
On the right track, now  
On the right track  
On the right track

I need excitement  
I need a cure  
When I feel so insecure  
All the treasures in life's store  
That's where we are headed for

Then it hit me and it blew my mind  
(Blew my mind)  
Like a bombshell every time  
(Bombshell every time)  
I take my moment and you take yours  
(You take yours)  
I love this feeling  
And I want more, more more  
I want more  
I want more  
I want more
