

3/4th Grade Spotlight - October 24th

The third and fourth grade class has been learning about the beatitudes in religion class. Beatitudes were blessings from Jesus at the Sermon on the Mount, and today we look at them as ways to live by, as Christ followers. Last week our class had the opportunity to lead our school morning prayer. Students read each beatitude and then shared the explanation in kid friendly language that the student body could easily understand. One discussion we had was on how we can replace the word "blessed" with "happy", and by living out the beatitudes in our lives we find a "happy" life in Jesus by following him.
