

## **CEO Application: Christians Against Poverty Ireland**

Christians Against Poverty Ireland (CAP Ireland) are seeking to hire a CEO.

### **CAP IRELAND**

CAP Ireland believes no Irish person should live in financial distress. We aim to equip a movement of churches to walk alongside those in financial difficulty, helping them access government regulated debt advice, to negotiate with creditors and create financial solutions. We will provide the church with practical tools, services and skills, so they can tangibly enable financial wellbeing for their community, regardless of their situation or beliefs, providing all services free of charge.

Given the current financial pressures many in Ireland are facing with rising living costs and a shortage of affordable rent/houses CAP Ireland is a great and timely channel to equip local churches to give practical and spiritual support to those most in need.

For more information on the journey of CAP Ireland please watch the [video](#) and read more information [here](#) and our [about us](#) page.
