

Your HallMighty Wedding Music Planner

Hey Jack & LJ This is where the fun starts 😊

This is your space to share ideas for the evening — songs, vibes, memories, or anything you'd love to hear.

You don't need to plan everything or know lots of music. Just add things whenever they come to mind — gradually over time.

My job is to turn this into an unforgettable night ✨

Below are sections to help make this more structured and easier for you. Just dip in and dip out as you can.

Relax — I've Got This

You don't need to plan every minute or supply hundreds of songs. Your answers simply help me understand you and your guests.

I'll design the flow and make sure the dancefloor stays full 🌟

Songs That Mean Something To You

Anything tied to memories, trips, friends, or your relationship.

Do You Love Me - The Contours. (LJ's & MOH's song)

Must-Play Songs

Songs that will get you on the dancefloor instantly 🌟

September - Earth, Wind and Fire

Turn me on - Shaggy

Your Spotify Playlist

What works really well is a playlist of songs you love and that you'd like to vibe too during your party. This helps me get to know you. If you can post here 📌 that would be amazing!

Absolutely Do-Not-Play

Anything you strongly dislike or want to avoid completely.

Your Overall Vibe

Describe the kind of party you're imagining.

Your Guests

Tell me about the crowd — this helps massively.

Special Moments (if planned)

First dance, entrance, cake cutting, last song, surprises, etc.

Anything Else You'd Like Me To Know?

Literally anything.
