FAQs about ACT and SAT

1. When should I take the ACT or SAT?

Begin taking the ACT and SAT during Junior Year (or end of Sophomore Year)

Each student should take both the SAT and ACT during the first semester of the junior year. After taking both tests, a student may then focus on improving their score on the test which they feel most comfortable. Students can continue to take the ACT and SAT throughout the junior year and the fall of senior year to improve their score.

Suggested Timeline for taking ACT/SAT:

Take both your first ACT and SAT **during fall of your junior year** (or end of sophomore year).

Decide which test you did better on or that you want to focus on.

Take your second ACT or SAT **during spring of your junior year.**

Take your third ACT or SAT **during summer/fall of your senior year - watch college application/scholarship deadlines.**

When registering, list colleges of interest so that your scores will be sent directly to the schools. You may send scores later for an additional fee.

Be sure to take the ACT and SAT in plenty of time for college application/scholarship deadlines. The most common Early Action deadline is November 1 and Regular Decision deadline is January 1 of your senior year.

2. Which test should I take?

At CVCA, students are required to take the ACT at least once prior to graduation. Juniors will have an opportunity to take the ACT *on campus, free of charge* on March 15th. Students are encouraged to take the ACT more than once to optimize their scores (and learning) through this testing opportunity.

Students should consider taking the SAT as well, as some CVCA students have performed better (comparatively) on the SAT than the ACT. After taking both tests, a student is encouraged to retest on the test they performed better on, maximizing their opportunity to earn their highest score.

All colleges will accept scores from both tests and do not prefer one test over the other.

Increasing your score improves college acceptances and scholarship potential.
