 - What 3 things would make FP a better place to live/work?
 - What 3 things would make FP more attractive?
 - What do/don't you like about FP?

Variability in Scope?

1. Description of area - if we ask about 'Finsbury Park' do we use the Forum Area plan?
2. If we are recording an area location, we should only ask for the address/postcode of the location related to the issue at hand, not the home address of the person due to data protection issues
3. Do we ask for 3 things or 1?...depends on length of engagement meeting?
