

Roses Adventure

Once upon a time there was a little girl named Rose and she was only ten. Rose is the sweetest girl in the village. Her family lives in a small cottage in the middle of the village. Rose lives with her baby sister and baby brother. It was tough taking care of babies all by herself without parents, because her parents were murdered. Since then Rose has been struggling to feed her little brother and sister. She has been trying to get a job to get money but fails every time because of the little babies. The only thing she has to remember her mother and father was the necklace she got given on her birthday before the murder. Everyday she thinks to herself I wish mum and dad were here to help me. A month later a job appeared for people with babies, as soon as she saw the job she ran to the babies room picked then up and run to get the job before everyone else. Rose got to the place were the job was held and since she was one of the first five people there she got the job. After the day had ended and Rose got a job she was very happy once again. Everyday she took her babies to her job and every day she got paid 40 dollars everyday. The family was happy again and Rose could buy all the thing the babies need to have a great life from now on. Since the family started to live a normal life Rose forgot all about her parents. Years later Rose is now eighteen and her little brother and sister are now 11 and

can take care of themselves. Now that everyone can take care of themselves they went on their own way and lived by themselves, but not everyone lived alone the oldest Rose found a boyfriend and got married. Two years later they had a baby of their own and named it Scarlett. Rose's little sister was finally able to drive so she took her driver's lesson and passed. So she rang her big sister to tell her the good news and they were so happy. A while later Rose's little brother rang and said "I passed my driver's test," and Rose was also so happy for him. Rose, her husband and Scarlett went out for dinner to have nice family time. Once dinner was over and they got home Rose got a letter and it read "Dear Rose I love you very much but I am sorry to say that our little brother has passed away to a better place. I hope you and your family are well. Xoxo your little sister." Rose dropped to her knees and started to sob and once again her heart felt melancholy. Scarlett and her father came running when they heard her crying and when they came they said "Are you ok." She replied "I'm fine but it's just my brother died." Then Scarlett said "Mummy you should just lay down and forget about the whole thing". Rose took Scarlett's advice and went to her bedroom and layed down then later she forgot about the whole thing. The next day the funeral was held and then everyone there was crying their eyes out. It was a rough day but Rose and her family got through it. When they got home to remind them of

Roses brother that has died they looked at some pictures of him.
