PAINT THE PLASTIC

Quality Painting from Andrew Milroy

painttheplastic@gmail.com

Thanks for checking out my site! If you have miniatures you want painted to a high-quality standard then you're at the right place. You can peruse the gallery, levels, and pricing below or start the ordering process now.

ORDER NOW

As of now, I am only doing local meet-ups around the Cincinnati area for delivery and pick-ups of minis.

The Levels

Each of your minis can be painted as proficiently or as minimally as you choose.

Level 1

Includes a base coat and basic shading to darken the recesses.

Level 2

Adds layering/highlights to the most prominent areas of the miniature including some minor weathering for vehicles, weapons, etc.

Level 3

Highest level of highlighting, weathering, and detail.

ASSEMBLY

Miniatures can be assembled for an additional fee.

TIMING & PROOFS

The turnaround time for a standard commission (approx. 20 minis) is 2-3 weeks. Larger orders could take 3-6 weeks, especially if it includes a lot of Level 3 minis.

Once I get the minis, I'll send an itemized list of what minis are at which level, and I'll wait to start painting until you give me the thumbs up.

Depending on the Level and size of the order I will check in with you early in the commission and then again toward the end to have you approve or make suggestions for color, theme, and other details.

PICKUP & DELIVERY

Local pickup and delivery in the Cincinnati area only. No shipping currently

About Me

I started painting miniatures in 2019 and commissions in 2023. I often paint 3 hours a day. I love to play wargames, particularly Warhammer 40,000 and Star Wars Legion. I love pushing myself to explore new techniques, skills, and details in painting minis. I am 14 years old.
