

Tops and Bottoms or Above and Below

Purpose:

Watch and listen to this read aloud of [Tops & Bottoms](#). This story will give you many ideas of what kind of drawing you can make.

Materials:

Paper, Pencil, Coloring Tools (optional)

Directions:

1. Fold a piece of paper in half. One half will be “above” and the other “below”.
2. Decide where your drawing will take place. You could choose to draw a city, a farm, the ocean, or the surface of Mars. There are so many possibilities!
3. Start sketching each section- Does anything go from above to below? For example, a carrot’s green leaves are above the ground and the orange root is below the ground or an animal could be partially underground and partially poking up to say hello!
4. What story does your picture tell? What is the weather? Is there an exciting adventure taking place?
5. Share your artwork and story with someone in your home.
