Important!

Dear Envirothon Member-

A couple things before we go on the 18th:

- You will miss all periods on Tuesday the 18th, you will be home by 5:30 or 6 PM that evening
- I will alert all of your teachers and get permission from them via email so you won't have to worry about that - although I have included a permission slip below that you can show them.
- Be at the bus ramp by **6:45 AM** with your stuff! **Bus will pull out promptly at 6:55 AM**

- As of now, the weather in **New Bern, NC** (where we are going) is **predicted to be**
- You should always be prepared for possible rain though no matter what!
- The competition is outdoors so dress appropriately.
 - ◆ Don't forget your sunscreen on a sunny day!
- Lunch will be served to us around 12:30 PM **(this year it will probably be: Hot Dogs, chips, fruit, drinks and a little Debbie cookie).**
 - ◆ Any other food or drinks you want you must bring with you on the bus, including whether you are a vegetarian or vegan or don't eat pork (hot dogs) you may want alternate sources of food.
- **We usually suggest bringing some sort of foldable chair unless you don't mind sitting on the ground.**
- Wildlife people - in 2025 we need to know [this \(click here\)](#) profile set. **And don't forget about the 30 standard animals of NC.**
- IF we qualify for states, **and** can find/raise the funds we have camping to look forward to at the **beginning of May!**
- IF we **win** regionals outright, we get up to **\$300 AND** we have camping to look forward to at the beginning of May (best-case scenario)!
- **If you have any other questions, text** me via Remind.com OR at 910-777-7539.

-Mr. Terzian

For Teachers:

From the desk of Mr. Edward Terzian:

This student will miss all periods on Tuesday the 18th of March, 2025 to attend the Regional Envirothon Competition at Cool Spring Environmental Education Center outside New Bern, NC. They are expected to prepare for their absences as well as make up any work that will be missed. The burden should solely be on them.
