Creating a PowerSchool Parent/Guardian Account

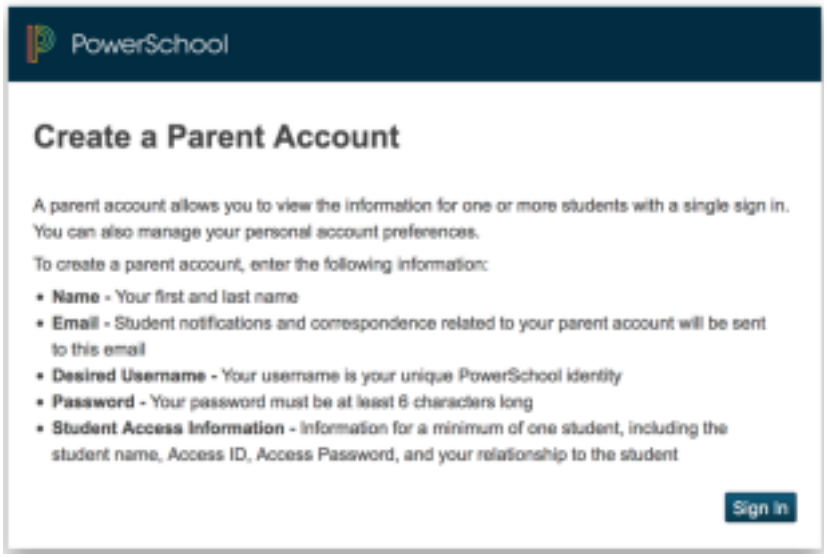

Follow these instructions to create a username and password to access the PowerSchool Parent Portal. This will allow you to have one account to access your child(ren)'s PowerSchool data, instead of a separate login for each child.

1. Open a web browser and enter the URL for the JSD PowerSchool Parent Portal

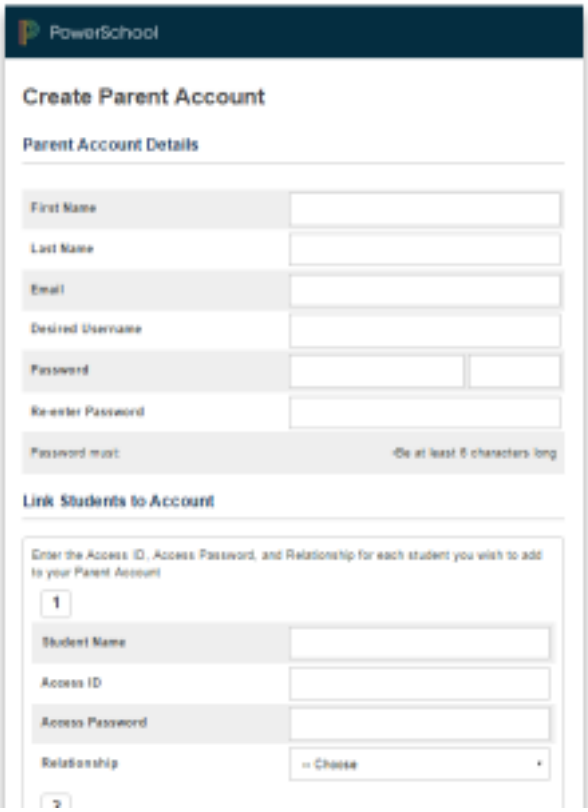

https://ps.juneauschools.org/public/

2. Click on the "Create Account" button.
If you need more information about creating an account, be sure to click on the hyperlink "Learn more." located on the "Create Account" tab.

3. Fill in the information requested.

You are creating for yourself a username and password. Be sure to remember these as you will use that information to log into your account in the future, allowing you access to your child's grades, assignments, etc.

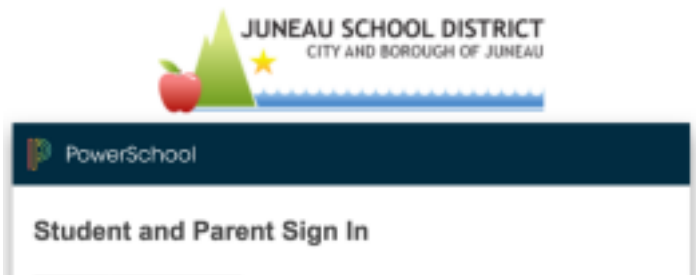

The bottom of the page contains the area to link your children to your account.

The Access ID and Access Password should be the one provided to you. Access ID and Access Password are used only once to link your student to your account. Each student has a unique Access ID and Access Password. If your AccessID and Access Password is unknown please contact your neighborhood school administrative assistant.

4. After entering the requested information, click on the "Enter" button at the bottom of the page.

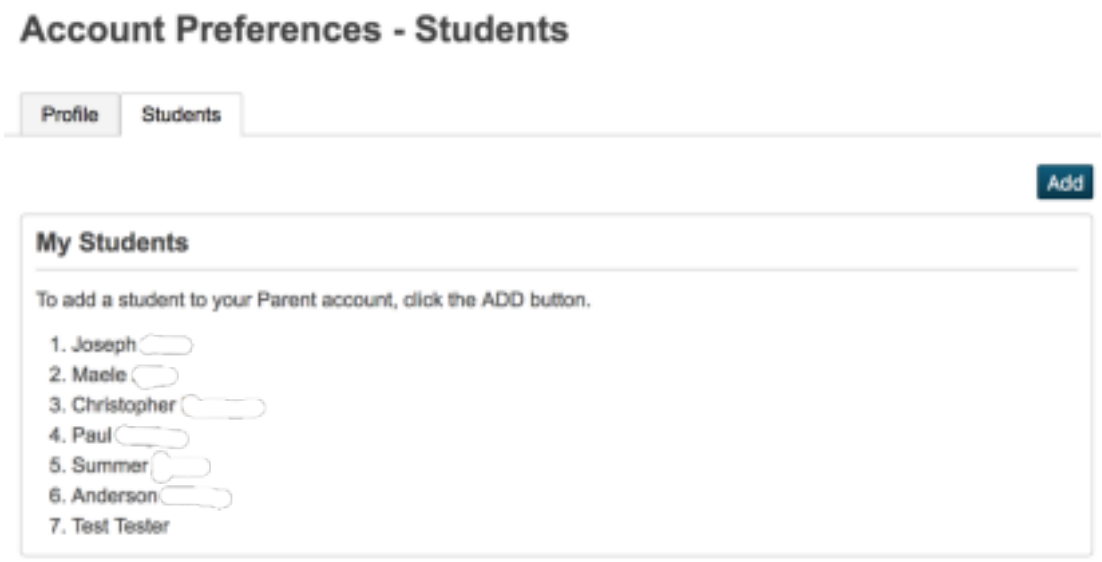

5. You have successfully created an account and can now sign in using

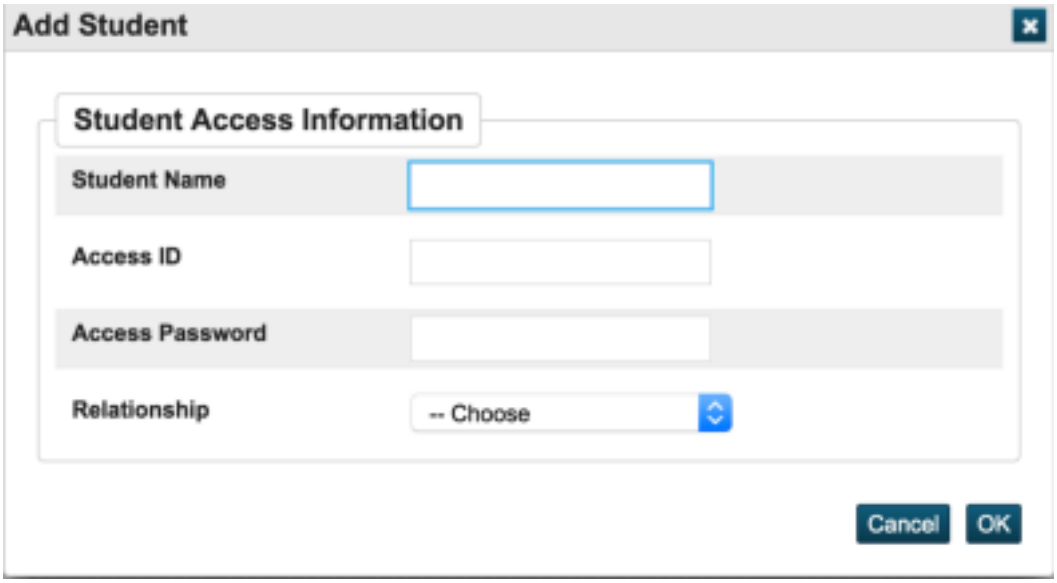

ns across the top banner that
ccount.

If you need to add additional children to your account in the future, you may do so by clicking on the “Account Preferences” button.

7. If you are linking an additional child to your PowerSchool Account click on the “Add” button under the Students tab.

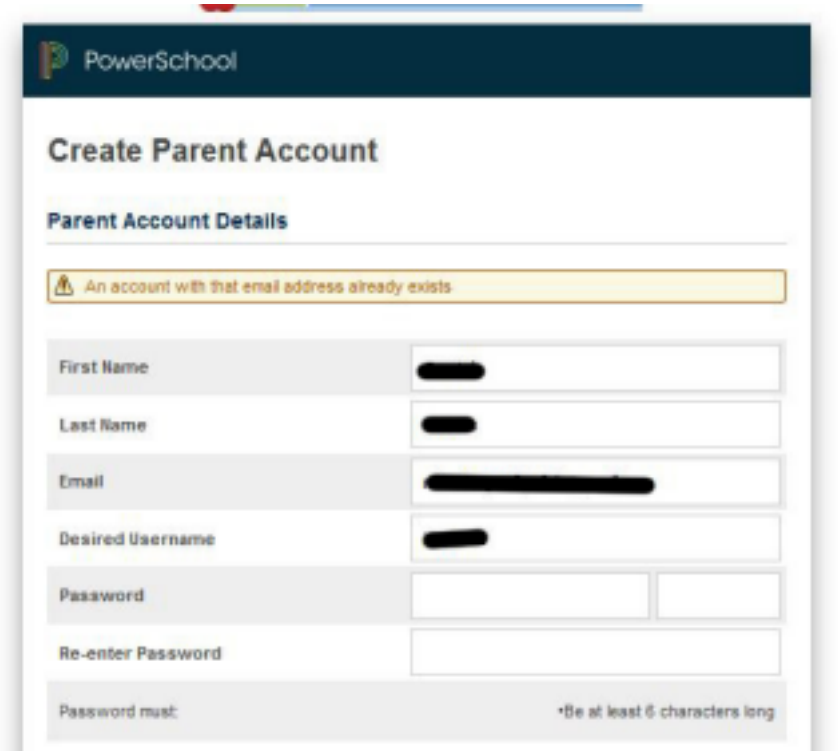

Enter the information requested on the screen below and hit the “Ok” button. This will link the student to your PowerSchool Account.

You should see the student’s name in the banner across the top of your window.

8. If you already have a PowerSchool Parent/Guardian account and you try to create a new one you will receive the message below.

9. Return to

https://ps.juneauschools.org/public/ and click on the “Forgot Username or Password?” link. The system will autogenerate an email that will provide you the necessary information to reset your username or password.
