The Title of Your Article

FirstName FamilyName[1,*], FirstName FamilyName[2] and FirstName FamilyName[3]

[1]Departmet, University, City, Country
[2]Departmet, University, City, Country
[2]Departmet, University, City, Country

*Corresponding author (E-mail: example@university.ua)

ABSTRACT The abstract should be a concise but comprehensive reflection of what is in your article. In particular, the abstract should be without abbreviations, footnotes and references. The size of the abstract must be at least 1800 characters (including spaces). The abstract should be written in one paragraph and should not contain reflected mathematical equations or tabular material. Make sure your abstract is well-read and grammatically correct. Title must be written using Calibri 20pt, bold, center. The spacing between title and authors line is 8pt. Author's names (without affiliation) should be typed using Calibri 10pt, bold, center. Author's affiliation (department, university, city, country) should be written using 8pt, center. The spacing between authors' names and affiliation line is 3pt, also 6pt after affiliation. Please indicate the corresponding author (the Corresponding author is the person who handles the manuscript and correspondence during the publication process, including approving the article proofs) using the suggested symbol. The abstract and keywords must be written using Calibri 9pt, width. The spacing before them after the abstract is 6pt.

KEYWORDS Article, paper, sample, research, investigation (you should add not more than 5 words or phrases).

I. INTRODUCTION

These instructions give you guidelines for preparing documents for Security of Infocommunication Systems and Internet of Things. In order of effect high quality of your article please use this MS Word template for preparing your paper submission. Do not adjust any margins, fonts, etc. The article should be at least 4 pages, including figures, references, a short autobiography of the authors and information about the article in Ukrainian.

The paper should be prepared using A4 paper format. Mirror margins: upper – 20 mm, lower – 20 mm, inside – 20 mm, outside – 20 mm. Page header 15 mm, footer 15 mm – different odd and even, different first page. Two columns – width 82.5 mm, spacing 5 mm, no line between. The text after the chapter title begins with 5 mm indent. The main text of the paper should be written in Times New Roman 10 points, single spacing, without automatic hyphenation. However, for the captions of all sections (chapter title), subsections, tables "**TABLE**" and figures "**FIG.**" use the Calibri font, bold. The space between last section and next section title should be 6pt, between section title and subsection should be 3pt.

A. Subsections style. Subsections should be numbered alphabetically.

B. Subsections font. The title of the divisions is Calibri 10pt, width.

II. EQUATIONS

Equations should be written in Microsoft Equation. Equations should be centered and labelled. The example of equation is Eq. 1

$$i = C\frac{dU_C}{dt}. \tag{1}$$

Larger equation must be split in multiple lines.

III. FIGURES AND TABLES

Tables should be made as one column. In rare case it allowed to use two column tables at the top of the page. Tables must have caption located above the table. Table captions should be written using 9pt Calibri font.

Figures also should be one column wide. If it is impossible using two column wide figures is allowed but in that case figure must be located at the top of the page. All figures must be stored in *.jpg, *.tif or *.bmp formats with the minimum resolution of 300 dpi. Each figure must have a caption under the figure. For figure captions 9pt should be used.

Figures and tables must be centered in the column. Large figures and tables may span across both columns. Any table or figure that spans two columns must be positioned either at the top or at the bottom of the page. All figures and tables must be referenced in the text.

TABLE 1. Page layout description.

Paper size	A4 (210x297)
Inside margin	20 mm
Outside margin	20 mm
Top margin	20 mm
Bottom margin	20 mm
Top header	15 mm
Footer	15 mm
Column spacing	5 mm

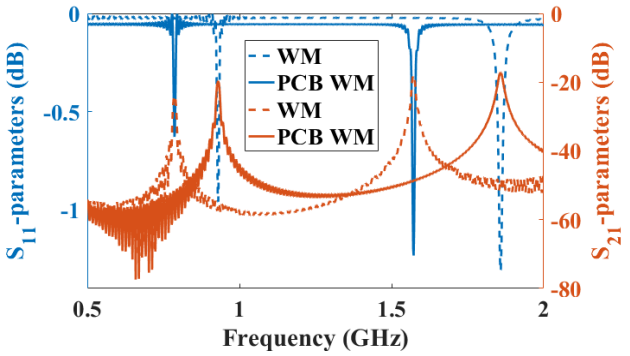

FIG. 1. Example of an image with acceptable resolution.

IV. REFERENCES LINK

When you refer to an equation, a figure, a table, a section or literature references in the text of the paper please use the following expressing: Eq. (1), Eqs. (1) and (2); Fig. 1, Figs. 1 and 2; Table I, Tables I and II; Section I, [1], [2-3]. This journal uses the **IEEE style** of literature references (9pt).

V. CONCLUSION

In conclusion, consider the main provisions of the article, do not repeat the abstract as a conclusion. The conclusion should detail the importance of the work or suggest applications and extensions.

ACKNOWLEDGMENT

In most scientific papers, there are many people who have helped in some way in preparing the written version or the study itself. This could be someone from the sponsoring organization, financial body, other researchers or even family, friends or colleagues who helped with the preparation. These people should be mentioned in the Acknowledgment section. (Optional section)

AUTHOR CONTRIBUTIONS

Use this section to specify the contribution (conceptualization, methodology, software, validation, formal analysis, investigation, resources, writing-original draft preparation, writing-review and editing, visualization, supervision) of each author of the manuscript. For example (specify only the author's initials): X. X. – conceptualization, methodology; X. X. – investigation; X. X. – writing-original draft preparation, writing-review and editing.

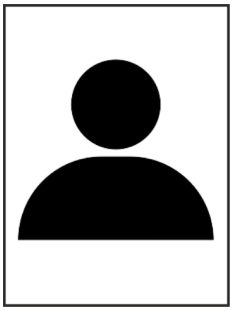

COMPETING INTERESTS

Competing interest, also known as "conflicts of interest", can arise when you (or your employer or sponsor) have financial, commercial, legal, or professional relationships with other organizations or people who work with them that may affect your research. Authors must declare the presence or absence of competing interests.

FirstName FamilyName

Please describe a short biography of the author (s) not exceeding 400 characters written in Times New Roman 8 pt. The biography should contain a description of scientific activities, achievements, positions, awards, etc. Insert a 40 × 30 mm photo of the author into the cell next to the text.
