

Application Package Instructions

Hello, and thank you for your interest in joining the Digital Thunderbirds, the virtual replication of the United States Air Force Air Demonstration Squadron, known to the world as, The Thunderbirds.

The Thunderbirds consist of twelve officers and over one-hundred-thirty enlisted personnel, plus four civilians. With 28 different Air Force career fields, the team is an exceptionally diverse group with people of all backgrounds and jobs ranging from personnel specialist, pilots, airlift operations, maintainers, and even independent-duty medical technicians.

The Thunderbirds are a selectively manned unit, no one is assigned to the team. In order to serve with the team, you must volunteer yourself, go through an extremely rigorous selection process, and complete interviews. We seek the best people to bring out the best of every person, who would be willing to dedicate 110% of themselves to a mission greater than themselves.

In order for the administrative team to most accurately select personnel for the team, we require a very specific application package format. We request that the package be a single .PDF file format with all of the documents and IN order listed below.
