

Privacy Policy for VibeSinger

Effective date: March 29, 2026

VibeSinger respects your privacy. This Privacy Policy explains what information we collect, how we use it, and how we protect it when you use the VibeSinger mobile application and related services.

1. Information We Collect

When you use VibeSinger, we may collect the following types of information:

Account Information

If you sign in with Google, we may collect:

Your name

Your email address

Your Google account identifier

Your profile photo, if available

User Content

We may collect and store content you create or upload in the app, including:

Lyrics you write or edit

Text prompts you enter

Audio recordings you upload or record

AI-generated songs and track metadata

Song titles, tags, genres, moods, and language selections

Cover images you upload

Published content you choose to share with the community

Usage and Technical Information

We may collect limited technical and app usage information, such as:

Device and app identifiers

App version

Crash or error information

Basic interaction data needed to operate the service

2. How We Use Your Information

We use your information to:

- Authenticate your account
- Save and sync your lyrics, tracks, and settings
- Generate songs, lyrics, and music-related AI results
- Let you publish songs to community features if you choose
- Improve app performance and reliability
- Prevent abuse, misuse, and unauthorized access
- Provide support and maintain the service

3. AI and Cloud Processing

VibeSinger uses cloud-based services to process prompts, audio, lyrics, and music generation requests. This may include sending relevant content to third-party AI and infrastructure providers strictly for the purpose of generating and serving app features.

4. Community and Published Content

If you choose to publish a song or other content to the community:

- That content may become visible to other users
- Public content may include song title, cover image, style, lyrics, and other information you choose to publish
- Comments and other public interactions may also be visible to other users
- Please do not publish sensitive personal information in lyrics, titles, descriptions, or cover images.

5. Data Storage

Your data may be stored using secure cloud services, including authentication, database, file storage, and server-side processing tools. We take reasonable steps to protect your information, but no method of storage or transmission is completely secure.

6. Data Sharing

We do not sell your personal information.

We may share data only as needed with service providers that help us operate the app, such as:

Authentication providers

Cloud hosting and storage providers

AI and media processing providers

Analytics, diagnostics, and infrastructure providers

We may also disclose information if required by law or to protect the safety, rights, and integrity of the service or its users.

7. Children's Privacy

VibeSinger is not intended for children under 13. We do not knowingly collect personal information from children under 13. If we learn that such information has been collected, we will take reasonable steps to delete it.

8. Your Choices

You may choose whether to:

Sign in to the app

Create or delete content

Publish songs to the community

Remove published content from the community

If you stop using the app, some content may remain stored in your account or in system backups for a limited period, subject to operational and legal requirements.

9. Security

We use reasonable administrative, technical, and organizational measures to protect your information. However, no security system is guaranteed to be completely secure.

10. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. If we make material changes, we will update the effective date above. Continued use of the app after changes means you accept the updated policy.
