Address- Gurgaon, Haryana, India

SKILLS

- **Angular 15 and React**
- **Redux SAGA/ RXJS**
- **Unit Test Jasmine/Karma**
- Web API & MVC
- **ASP.NET Core 6**
- MS SQL Server
- C#, N Unit, **MS SQL Server**
- jQuery
- Bootstrap
- Angular Material
- JavaScript
- HTML CSS
- **Typescript**
- **Cloud Azure Appinsight, Alerts, Azure Functions**
- Git
- Agile Scrums JIRA
- CMS/Ecom platforms
- Jenkins/ Devops CI/CD
- **Entity framework core**
- **SOLID principals**

EXPERIENCE

9-years in ASP.NET Core Full-stack – .Net Core | **Angular 15** | **React redux saga** | **SQL MySQL**

Certified L1 Architect (Capgemini), SAFe Agile, and AZ-900 (azure)

July/2021– Present

Technology C2, Capgemini | Gurgaon, Haryana

Project- SLB

- Reduced Azure app failure analysis time by 20% through the implementation of Azure AppInsight and Azure alerts across all function apps and web apps.
- Developed new features using .Net Core 6, React, TypeScript, and SQL Server database.
- Enhanced fault diagnosis efficiency by introducing logging in timer-based Azure functions.

Project-

- Developed multiple modules for MacDonalds Kiosk using Angular 15, SQL Server, and .NET Core 6.
- Conducted full-stack development with Angular 15, ASP.NET Core, Web API Core, and SQL Server.
- Spearheaded process improvement initiatives, enhancing L2 review tickets by 20%.

Achievements, Leadership & Soft Skills-

- Spearheaded process improvement initiatives, enhancing L2 review tickets by 20%.
- Achieved Capgemini L1 Architect certification.
- Directed a team of 30 individuals to improve e-skill matrices and complete various certifications.
- Mentored over 15 team members for skill enhancement.
- Guided underprivileged candidates during a 4-month FFE Mentorship program.

- Proposed a Hackathon idea, boosting codebase and peer review quality by 30% through successful adoption.
- Implemented my Hackathon idea: SonarQube, linting, and industry-standard coding practices across 3 projects for process improvement and code quality enhancement.
- Agile, Leading SAFE Certification, FFE Mentorship, Skill upgrade mentorship, Mentored team of 15 people, Process improvements.
