Privacy Policy for Children Under the Age of 13

This Privacy Policy for Children Under the Age of 13 (the “Policy”) only applies to children under the age of 13 (“children”) and supplements our [general privacy policy](#). Our general privacy policy applies only to teens and adults. Unless otherwise defined, terms that are defined in the general privacy policy have the same meanings as used in this Policy.

This Policy notifies parents and legal guardians (collectively, “parents”) of:

- The types of information we may collect from children and how we use that information.
- Our practices for disclosing that information.
- Our practices for notifying and obtaining parental consent when we collect personal information from children, including how a parent may revoke consent.
- All operators that collect or maintain information from children through DesignMy.

Information Collected from Children and Its Use

We collect certain information necessary to facilitate children’s participation in DesignMy’s educational programs (the “Programs”). We only collect as much information about a child as is reasonably necessary for the child to participate in the Programs, and we do not condition participation on the disclosure of more personal information than is reasonably necessary.

Throughout participation in the Programs, we may collect the following information from children:

- First and last names. We require children’s names to verify attendance, track Program participation, and credit creative works.
- Creative works. Children submit creative works while participating in the Programs. We strongly discourage children from sharing personal information within these works.
- Testimonials. Children may optionally share testimonials at the end of a Program. We may use these testimonials as promotional materials with parental consent.
- Information automatically collected by third parties. Third parties (listed [below](#)) may collect information such as IP address, geolocation data, device identification, cookie information, and the type of browser used. You may be able

to change the preferences on your browser or device to prevent or limit your device's disclosure of this type of information.

We additionally use information collected to develop and maintain services.

Disclosure of Information

We may disclose aggregated information about many of our users and information that does not identify any individual. In addition, we may disclose children's personal information:

- To third parties we use to support the internal operations of our Programs and who are bound by contractual or other obligations to use the information only for such purpose and to keep the information confidential.
- If we are required to do so by law or legal process, such as to comply with any court order or subpoena or to respond to any government or regulatory request.

For testimonials specifically, we will request consent before disclosing any identifying information in promotional materials.

Accessing and Correcting Your Child's Personal Information

At any time, you may review your child's personal information maintained by us, require us to correct or delete the personal information, and/or refuse to permit us from further collecting or using your child's information.

You can review, change, or delete your child's personal information by sending us an email at team@designmy.net. For privacy and security protection, we may require you to take certain steps or provide additional information to verify your identity before we provide any information or make corrections.

Third-Party Operators That May Collect Information from Children

The following are all operators that may collect or maintain personal information from children through child participation in DesignMy's Program:

- [Canva](#)
- [Google](#) Slides
- [Shopify](#)

Please direct inquiries about any third-party operator's privacy practices and use of children's information to the following operator:

DesignMy Education, LLC
8 The Green, Suite A, Dover, DE 19901
