3. How many students attend per session? Single students, couples, or small groups can attend.

4. I have no experience at all, and I'm a little nervous, what's covered for beginners?

We create a secure, understanding, and patient environment, which helps you gradually become more comfortable. Most even find enjoyment exploring possibilities.

5. Where do you offer classes? I instruct in North Asheville or at a nearby gun range.

9. Do I need experience to take CHP?

While some commercial ranges that offer the CHP course don't require prior experience, in my own practice, **I prefer students to understand the basics and can pass the required course of fire**.

You can practice at a **local indoor gun range** or outdoors at a **county range**. Please note that indoor ranges may offer lessons, but county ranges typically do not. You might also be able to join a private club.
