

Getting Started with your Google Chromebook

- Step 1:** To turn on your Chromebook, press the power symbol  key in the upper right corner. In the event your Chromebook stops responding, hold this button down to shut it off.
- Step 2:** Connect your Chromebook to the internet. If you have WiFi at home, click on the WiFi fan  in the bottom left corner, select the “No Connections” menu, and log in to your WiFi. If you are using a PUSD Hotspot, please follow the instructions included with it.
- Step 3:** Once your Chromebook is connected to the internet, you will be prompted to sign in to your Gmail address. Use your PUSD account ending in **@pleasantonusd.net** and then enter your password.

Getting to know the Icons on your Chromebook

Clicking this icon will open the Chrome web browser, you will already be signed into your Google account and the default homepage is the Google search engine.

Clicking this icon will open Chrome to your PUSD Gmail account regardless of how your homepage is set.

Clicking this icon will open Chrome to your Google Docs, showing all Docs your account has access to, starting with the most recent.

Clicking this icon will open Chrome to the YouTube homepage, which will already be logged in to your Gmail-linked YouTube account.

This tray displays the Time / WiFi Signal / Battery Charge / Your Account icons, and it is clickable. Clicking the tray will bring up the control menu. This menu can be used to switch WiFi networks, adjust your Chromebook's volume, and turn off your Chromebook.
