

Haurreskolari

The famous gang is back to school! They will relive moments
unforgettable memories of our lives with well-known melodies. they
will try

unlearn what has been learned to, hand in hand with the public,
build a

learning process from humor. Everyone to class, what

The bell has already rung!

Tio Teronen Semeak

Dancers from various backgrounds have come together to form the group. They all have two things in common, passion for dance and unparalleled humor.

The members of the group have been linked to traditional Basque folklore for years, but this time they have given it a twist and gone further.

Different styles of dance and music will come together without a specific pattern, with the sole objective of spending an evening that is difficult to forget.
