

## Curriculum Outline

### Module 1 - Business By Design

*Everything you need to create a successful business is already coded into your DNA. You came with a unique blueprint, specific desires that guide you, and a dharma that only you can fulfill.*

*Business by Design shows you how to read this blueprint, connecting who you are at soul level with how you are meant to operate in the world, access your intuition to make aligned decisions, and the power to create your life and business exactly as you desire.*

- 1 - Your Divine Design
- 2 - Your Coded Prosperity Sequence
- 3 - Desire as Safe Guidance
- 4 - Sacred Standards and Boundaries
- 5 - Your Dharma
- 6 - Life As Oracle

*By the end of this 6-lesson module you will know with clarity and certainty - yourself, your purpose (dharma), your vision, your perfect pathway (desire), and exactly how to navigate it all with ease to create any desired outcome in your life or business. (design)*

### Module 2 - Model & Offer Magic

The purpose for which you are uniquely made is also designed to be richly rewarded. Structuring your business model, products, and offers to leverage and support your innate design is your greatest key to wild profitability and life-giving sustainability.

Tap into your highest profit potential and sustainable delivery encoded right in your design and wake up every day excited to serve while ensuring you are working in a way that maximizes your fullest capabilities.
