Hi Jennifer, here is a list of properties that Foundation Communities Offers. I know they will work with you but I want you to contact them as soon as possible. Check out the list and see which properties are of interest to you. You can reach out to them directly or let me know and I can assist in that. If none of these work for you let me know because I can provide you with other resources. Good Luck!

When you look at the list make sure it is not a family property but a single adult property.
