PHARMACEUTICAL SCIENCES IMMERSION PROGRAM

Program Brief:

The Pharmaceutical Sciences Immersion Program of the UP College of Pharmacy is a month-long exclusive opportunity tailored and offered for senior high school students from Philippine Science High School. This immersive experience delves into the dynamic world of pharmaceutical sciences, offering hands-on laboratories, workshops, and seminars led by the faculty and industry experts. Participants will gain invaluable insights into drug discovery, formulation, and cutting-edge research, preparing them for a future of innovation and impact in the pharmaceutical field.

Program Expected Outcomes:

Specifically, the program aims to:

1. To provide a learning experience to senior high school students on the field of pharmaceutical sciences;
2. To help students develop science research laboratory skills, data, collection, analyses and other research related tasks in the field of pharmaceutical sciences;
3. To help students interact with other researchers and scientists by immersing them in the research projects of the college; and
4. To help students appreciate the importance of research, the University and pharmaceutical sciences and its relationship with society and economy

Program Organizers:

Faculty members from the Department of Pharmaceutical Chemistry and the Department of Industrial Pharmacy, through their respective department chairs.
