

When having challenges in Google Meet sessions it could be for a variety of reasons: the internet connection, the device, or Google.

Here is a link to check and see if Google is having issues - [G Suite Status Update Site](#)

Troubleshoot issues with Google Meet

What type of issue are you having?

- [Joining meetings](#)
- [Presenting your screen & camera issues](#)
- [People can't hear you in meetings](#)
- [People can't hear you on Mac computers](#)
- [Video and audio quality](#)
- [Meet is unresponsive or unavailable](#)
- [Recording meetings](#)
- [Set up and view live streams](#)
- [Laptop is overheating](#)

How do I:

- [Join Meet Session from Google Classroom](#)
- [Blur Background](#)
- [Change the layout to see all classmates](#)
- [Mute & Unmute](#)
- [Turn camera off & on](#)
- [Use polls](#)
- [Use the Q&A](#)
