

Aloha _____ (governor, interim superintendent, principal, cas, etc),

I write with regard to the matter of potential Covid-19 vaccine and the Covid-19 testing. It is my desire to be fully informed and appraised of ALL facts before making my decision.

I would be most grateful if you could please provide the following information, in accordance with statutory legal requirements:

1. Can you please advise me of the approved legal status of any vaccine and covid test and if it is experimental?
2. Can you please provide details and assurances that the vaccine and covid tests have been fully, independently and rigorously tested against control groups and the subsequent outcomes of those tests?
3. Can you please advise me of the full list of contents of the vaccine and covid test I am to receive and if they are in any way toxic to the body?
4. Can you please fully advise me of all the adverse reactions associated with this vaccine or covid test since its introduction?
5. Can you please confirm that the vaccine you are advocating is NOT experimental mRNA gene altering therapy?
6. Can you please confirm that the free covid tests being offered to fulfill illegal mandate requirements are NOT/do NOT contain: faulty PCR to detect the covid virus that has never been isolated, invasive nasal swab test, do NOT contain carcinogenic ethylene oxide (EO)? Or that any DNA taken from any type of test (nasal swab test, saliva test, etc.) will be immediately destroyed and none of my personal, medical information will be shared with any outside agency?
7. Can you please confirm that I will NOT be under any type of duress or coercion from yourselves as my employers, in compliance with the Nuremberg Code?
8. Can you please advise me of the likely risk of fatality, should I be unfortunate to contract Covid-19 and the likelihood of recovery?

Once I have received the above information in full and I am satisfied that there is NO threat to my health, I will be happy to accept your offer to receive the treatment, but with certain conditions - namely that:

1. You confirm that I will suffer NO harm.
2. Following acceptance of this, the offer must be signed by a fully qualified doctor, who will take full legal and financial responsibility for any injuries occurring to myself, and/or from any interactions by authorized personnel regarding these procedures.
3. In the event that I should have to decline the offer of vaccination, please confirm that it will NOT compromise my position and that I will NOT suffer prejudice and discrimination as a result?

You have five (5) days to respond and if you do not, you acquiesce that you cannot fully and completely provide written documentation and evidence for the above stated questions, thus

you agree that your mandate for vaccine and testing is unlawful, thereby making the mandate null and void, hence cannot be enforced and no punitive actions may be taken.

I would also advise that my inalienable rights are reserved.

ALL RIGHTS RESERVED WITHOUT PREJUDICE (UCC 1-308).
