Are these feelings the only thing I can claim are mine?

No, that isn't true, I am here for you, I can see the sparkle in your eyes

Trust me when I say that everybody falls sometimes

[Ruby] [Hanamaru] [Yohanne]: If you get back up and hold your head up

[Ruby] [Hanamaru] [Yohanne]: We will see just what you find

Though the sun may set today, know tomorrow it will rise

Dry your tears, hold your head up to the skies

If you believe in your dreams know one day they'll come true

See the path that leads straight to your future?

[Chika] [You] [Riko]: I'll walk it with you

It could be just down the road

[Ruby] [Hanamaru]: Or locked up behind that door

[Ruby] [Hanamaru] [Yohanne]: I'm here to help bear your load

[Ruby] [Hanamaru] [Yohanne] [Chika]: And show you what you've been searching for

[Ruby] [Hanamaru] [Yohanne] [Chika] [You]: So come along, take my hand

Know things aren't always this bad

With courage know you can smile bright again

Know that I, know that I, will stay here by your side

The stars are shining bright on you, when you smile back at me

Know that I, know that I, love all our memories

So let's start planning our next one, we'll see how great it can be

[Ruby] [Chika] [You]: So is it waiting down the road?

[Hanamaru] [Yohanne] [Riko]: Or will we have to go find the key?

When you find what you have been looking for all this time

I'll be happy you chose to spend your time with me

It's okay to be uncertain when you're starting out

Just take a deep breath, try to laugh it off, and clear your mind of any doubts

Know the power to succeed has always been in you

Close your eyes and dream, I know you'll be fine, and bid all your fears "adieu"

Aiming our eyes to the sky, see the stars twinkling above
Like a star, your dream sparkles with your love
I believe that someday you will make your wish come true
Just like you have been here for me before, I'll be there for you

Has this been promised to us?
Or is it only a prayer?
Know that as long as you trust
Me I know that we will get there

**So come along, take my hand
Know things aren't always this bad
With courage know you can smile bright again**

**I won't let, I won't let, this moment disappear
Our passion's got us to this point, although we can go further
I won't let, I won't let, let this memory fade
Well this is just the starting point, and I know we'll work harder**

[Ruby] [Chika] [You]: So I'll make you this promise
[Hanamaru] [Yohanne] [Riko]: And I'll keep you in my prayers
**I have found the dream that will make me happy
I know now we are both done shedding any tears**

Know that I, know that I, will stay here by your side
The stars are shining bright on you, when you smile back at me
**Know that I, know that I, love all our memories
So let's start planning our next one, we'll see how great it can be**

[Ruby] [Chika] [You]: So is it waiting down the road?
[Hanamaru] [Yohanne] [Riko]: Or will we have to go find the key?
**When you find what you have been looking for all this time
I'll be happy you chose to spend your time with me**
