If you press the little “book” icon on the top right you can change the windows on the screen: Now choose either

- “single pane” if you want to see the Malay only
- "two panes" to display the Malay at the top and the English or the Mandarin, or one of the Indonesian versions at the bottom
- "verse by verse" to display a verse in Malay followed by the same verse in English or in Mandarin or in Indonesian
- Bookmark and highlight your favorite verses
- When you tap on a verse, an image button is shown on the bottom toolbar. When this button is pressed, the 'Edit image' screen appears. You can choose the background image, move the text around the image, change the font, text size, alignment, format and colour. The finished image can be saved to the device and shared with others.
