And when I fucking get
bored enough.

Sure

I'll end the goddamn
torment.

Lol.

And we can play my all time
favorite game.

I'll let you go free just
outside the fucking
pandemonium

Lol.

And I will tell you
"Run as fast as you can. If
you can make it to that
gate before my men and I
catch you. You can go
free."

Lol.

The sound of thundering
hooves hot on your tail
And the laughter and snarls
of a team of demons
Running up your spine
Lol.

^ The context of this picture is gross. This is when West thought his uncle, who apparently is a "god of wisdom", wanted to have intercourse with him. Disgusting. How the fuck can anyone

believe this guy when he says shit like that. "Oh yeah btw my uncle wants to have sex with me."

17. Wolf has a pattern of causing something that Tobias has coined "The Hobo Effect". When someone upsets Wolf or a member of his family severely enough, he typically puts a curse on them to cause their lives to turn to hell. The only way out of it is to recognize why it's happening, why they were wrong and have true remorse for their actions. He typically doesn't specify what will happen. Comically it often automatically includes the offender becoming homeless.

"Mess with the Lobo and you'll become a Hobo." - Tobias

18. Ben dislikes country music.

19. Angels is the most mature one.

20. Wolf cannot drive due to seizures.

33. The family used to be speciesist towards demons until finding out recently that Wolf has demonic blood, along with meeting demons who support him that are not nearly as bad as the ones that have tried to attack them constantly.

This is proof that he likes to claim some "war" is happening. Alongside saying he's gonna create an apocalypse n shit.

What.

The fuck.

I'm begging you dude, please go see a therapist. What you are trying to claim is concerning, because you sound like you're in psychosis. Please get help, I cannot stress this enough. This isn't healthy.

Ask me a question

What is your home like?

It was, busy. But,
peaceful. Happy. Much, much
different from this realm.

As for my, "home," in this
realm. I haven't stayed in
the same place, long
enough. To call anywhere,
home.
