9. List of Discord IDs of the team that aggregates knowledge for 20 typical projects on the Cardano ecosystem

Initially, we plan to recruit 20 members to provide information for 20 Blockchain projects. However, in the difficult crypto winter. Also during the recruitment process, we found that one person can aggregate information for many Blockchain projects. Finally, we have recruited 7 key members to provide information for Blockchain projects as the following list:

@\$neo.tran | CEVI#7634: provide information for channels: Cardano, Djed, Claynation

@Dezhou#0226: provide information for channels: World mobile, Genius Yield, Indigo

@vanhieu#4846: provide information for channels: Empowa, anetaBTC, Pavia, ScatDao

@lamvoi#5323: provide information for channels: Wingrider, Metadam

@Trungtrung#6007: provide information for channels: Minswap, Mueliswap, Profila

@Du Van Dong#6968: provide information for channels: Cardashift, Unbounded

Metaverse#4719: provide information for channels: VyFinace, Cornucopia, Drip+ Tosi + Taptool

In addition to the key members, our community also has many members participating in providing information for the 20 projects above including: @Le Hong Minh#6375, @SofG#2227, nobita#1674, bebie1396#0530
