Before submitting a manuscript, the submitting author must ensure that all co-authors have been added to the submission system. The order of authors listed in the manuscript must be identical to the order entered in the online submission system. The contribution of each author must be clearly stated in the Author Contributions section in accordance with the CRediT (Contributor Roles Taxonomy) or the journal's contribution format. Only individuals who meet the criteria for authorship should be listed as authors.

For each author, the following information must be provided completely:

Full name (without academic titles)

Institutional affiliation (Department, Faculty, Institution, City, Country)

Full institutional e-mail address

One author must be designated as the Corresponding Author, and a valid, active e-mail address must be provided for all editorial correspondence throughout the submission, peer-review, and publication process.

AUTHOR'S CONTRIBUTION STATEMENT

Authors explicitly outline and describe their individual contributions to the research and the development of the manuscript. This statement is intended to provide transparency and clarity regarding each author's role in the project. It helps readers and reviewers understand the specific contributions of each author to the research process

CONFLICTS OF INTEREST

Confirms that the authors have declared any potential conflicts that could influence the impartiality of the research. The authors explicitly state that they have no financial or personal relationships with entities that might unduly affect their objectivity. This declaration ensures the integrity of the study by transparently addressing any possible influences on the research outcomes, contributing to the credibility and trustworthiness of the article.

DECLARATION OF GENERATIVE AI AND AI-ASSISTED TECHNOLOGIES IN THE WRITING PROCESS

Authors are required to transparently disclose any use of generative artificial intelligence (AI) tools or AI-assisted technologies—such as ChatGPT, Grammarly, or DeepL—during the manuscript preparation process. This policy aims to uphold academic integrity, promote responsible authorship practices, and ensure compliance with ethical publication standards. If AI tools have been employed to support language refinement, enhance clarity, or improve the overall readability and structure of the manuscript.

SOURCE OF FUNDING STATEMENTS

Declare the sources of financial support for this research. Acknowledge that the study received backing from [grant/contract number] provided by [funding agency]. Clearly state that the funding agency had no involvement in the design, execution, analysis, interpretation, or manuscript preparation. This unambiguous disclosure reinforces the independence and credibility of the research, ensuring transparency about the financial backing behind the study.

ACKNOWLEDGMENTS

Brief expression of gratitude to individuals, organizations, or institutions that have played a supportive role in the research or publication process but do not meet the criteria for authorship. Includes thanks for financial support, technical guidance, data collection assistance, access to facilities or equipment, mentorship, and other forms of help.
