

Hi, my name is [Name], and I'm a constituent in your ward.

I'm calling to oppose any mask ban legislation as a resident/worker/commuter/tourist of the City of St. Louis.

Any version of a mask ban is dangerous, which is why I want to ask the Alderman to oppose Board Bill 2 in any form.

I care deeply about this because [personal reason].

- Do you or someone you care about need to mask?
- Are you protecting someone's health?
- Do you not want to see masks criminalized?

Supporting Arguments (Select one):

- Everyone deserves to protect themselves and others without question. No health exemption can cover that.
- Masks are a protective medical tool that should not be stigmatized.
- Masks and hoods are used for many purposes that deserve to be protected, including weather, religion, and personal expression.
- Stigmatizing masks will increase anti-mask violence and harassment.
- Mask bans will disproportionately harm Black and Brown communities through profiling.
- There is no evidence that banning masks will deter crime, but historically these bans have been used to target marginalized groups.

- Add Reason

I urge the Alderman to oppose any legislation that criminalizes masks.

Can you tell me where they stand on Board Bill 2?

If unsure:

- Can you please share my concerns with them directly?
- I'd appreciate it if you could follow up with me on their position.

If they support bans:

- Can you please share my concerns with them directly?
- I'd appreciate it if you could follow up with me.

If they oppose bans:

- I'm glad to hear that! Have they made any public statements against them?
- I'd love it if they could be more vocal about the dangers of these bans.

Get them to follow up:
