

Hey Zack,

Your speaking club provides a fun environment for people to make friends and practise English in real-time.

A lot of your followers will join the club, if you add a call-to-action at the end of each lesson in your reels.

Just a few extra sentences to present your club as the best place to practise these lessons.

I used this CTA method to help another teacher get 3.4 times more students within a week.

Would you like to see a few examples?

Cheers,

Arian
