Year Report 2020 – 2021
Sally Hammell, Bernie Roessler Membership Co-Directors November 1, 2021

INTRODUCTION

Membership is a way for us to gauge the communities general interest in the league and to facilitate external needs for a community connection (such as soccer, City facility use, etc...).

HIGHLIGHTS

We've taken the opportunity to consolidate membership records and move to easier online access for both membership intake and payment process. We've also created a process for distributing cards digitally.

LIST OF INITIATIVES

- added online and in-person credit card and debit card purchases
- tried to streamline internal and external process for membership signup
- generally tried to find efficiencies and make the experience easier
