

Dear Applicant,

Thank you for your interest in the Kaiser Permanente Orange County Physician Shadowing Program!

Please see instructions to apply below. Students need to be at least 16 years old and will need to have a physician mentor who is not a family member and has agreed to be shadowed. If the student does not have a physician already, they can list up to 3 departments/specialties they are interested in for question #11 and we will match them to a physician. **Also, please note that we are currently at capacity, but can add applications to the queue for future consideration in 3-4 months.**

Program Overview:

The program involves shadowing of a Kaiser Permanente physician in the office and/or hospital setting. The duration of the program is typically **3 months**. Students are required to shadow a minimum of **10 hours/month**.

Application Overview:

To begin the application process please complete the Personal Statement Form electronically and submit by email to Esther.J.Lee@kp.org. Handwritten forms will not be accepted.

Applications are reviewed monthly, and you will be notified on whether you are selected to participate in the Kaiser Permanente Orange County Physician Shadowing Program and further instructions will be communicated.

Thank you,
KPOC Physician Shadowing Program
