Tangential Lives (2013) Sinopsis:

Directed by Marc Batte, Andrew Pierno. With Andrew Pierno, Emilia Zoryan, Stasya Knight, Devon Ogden. Have you ever wondered what your life may have been like if you took that other path or chose another career? Tangential Lives explores two lives the same man could have led. One as a former hedge fund manager living in a San Diego high-rise, and the other as a writer finding his way to Tahoe to finish a novel. Playing with elements of science fiction and live theater the film is a character ...

Description of Tangential Lives (2013):

Have you ever wondered what your life may have been like if you took that other path or chose another career? Tangential Lives explores two lives the same man could have led. One as a former hedge fund manager living in a San Diego high-rise, and the other as a writer finding his way to Tahoe to finish a novel. Playing with elements of science fiction and live theater the film is a character study of the resulting decisions, and the relationships that grow out of them.

As with all things NetApp, the list wasn't conventional and he came up with 11. I like that no ... Bravely Second Teaser Trailer Goes Live. Video / Dec 24, 2013 ... In the first of a festive two-part series, some of your humble Nintendo Life writers share their favourite Nintendo gaming memories of 2013. ... new friends, and joined in an 8-player game of Mario Kart 7 that continued for over an hour as we worked our way towards the Wii U. By the time we reached the controller, our frantic minute with Mario Kart 8 was a fun but totally tangential part of the experience. We're fascinated by romantic relationships and we want to believe that love has transformative powers, but we also know that even in our relatively mundane lives, romantic love is not the beginning and end of all things. I'm not always chained to a desk and a phone I knock on strangers' doors, I tour factories, I sit at people's kitchen tables and talk to them about their lives, I pet llamas at county fairs. Sure, it can be tedious I spend at least six ... "Life is a stiff sentence," as Disney points out, and that weight of mournful decades that Saving Mr. Banks dumps on Travers is too heavy for it to fight its way out from under. We're constantly reminded of those decades, ... The Tangential · About · Buy Our Book · Writers · Submit. December 13 2013 The corrosive influence of power is one of Tolkien's great themes, and in this quiet confrontation, Jackson causes us to wonder whether this thing that Thorin and his kin have risked their lives to reclaim is going to result in the rebalancing of power, or just in the dropping of an inevitably damning yoke upon yet another pair of mortal shoulders. Power is a burden; that much is clear from both Tolkien's and ... If you are interested in understanding a bit more about what makes NetApp tick, what I see as the trends in the storage and data management market and what our value proposition is for the cloud, watch this interview I gave ...
