

Course: AP Statistics 1-2		Course # 4055
Credits: 1 credit each semester, 2 credits total for the year	Commitment: Year course	Grade: 12
A-G Category: meets "C" requirement	Estimated Homework Time: 45 min per day	
Level of Difficulty:	Moderate	<input checked="" type="checkbox"/> Difficult
Recommended Prerequisite: "A/B/C" in Honors Pre-Calculus, Pre-Calculus, Advanced Integrated Math III OR "A/B" Statistics.		

Course Description:

This course is designed for those students who have successfully completed pre-calculus. Students will use a Ti graphing calculator to explore data, plan a study, study patterns, use probability, and learn statistical inference.

Students who take this course are encouraged to take the AP test in May. The AP test must be taken if a student wants the opportunity to earn college credit.

Recommended Skills:

- Algebraic skills
- skills to problem-solve, analyze data and communicate
