Ancient Greece Legacy Project

As you learned in Section 5.3, a _legacy_ is what a person leaves behind when he or she passes. Ancient Greece left behind many legacies that still impact our modern world. For this assessment, you will highlight some of the legacies discussed in class. You will then create a presentation using **Adobe Spark** detailing each legacy. This assessment is as follows:

Materials:

- _Journey Across Time_ Social Studies Textbook
- Chromebook with access to internet
- Other Ancient Greece Resources (apps from SSO sign-in screen)

Instructions:

1. Choose 5 of the 10 Greek Legacies that we discussed in class.
2. Use your textbook and the other Ancient Greece resources to find information about the 5 Greek legacies you picked.
3. You must write a detailed paragraph about each legacy and how that legacy impacts us today (paragraph information must come from textbook and other resources). Use Google docs to type your rough draft and then edit your paragraphs.
4. Choose the tool for your presentation and add your paragraphs and pictures for each legacy.
5. Please use the the rubric on the back of this page as your guide.
