

Name \_\_\_\_\_

Do Now: Brainstorm physical features near us. How do they impact the way we live?

Open the following link. We will be using this pamphlet for today's lesson; [WPA in the Susquehanna Country](#). Use the map below to plot locations where WPA projects occurred. Are there any geographic features many of these places have in common? If so, what is it?

## New York Lakes, Rivers and Water Resources

Look at the graphic on p6+7 of the pamphlet. Identify the programs listed and place them on the chart below. Predict how these programs eased hardships connected to the Great Depression.

Type and Number of programs	What did this do	How did this help alleviate hardships of the Great Depression

Author's purpose- after reading p11+12 complete the chart below.

Quote	Purpose: Inform, persuade, entertain

Write a paragraph identifying the author's purpose using 3 pieces of evidence to support your claim.
