RENTAL PRICES
NEAR ME?**

Before deciding on to select a dumpster rental service near you, ask the company for the cost. Prices for dumpster rentals near me are anywhere from \$5 to \$10 per day, depending on the business and location. For rentals for short periods there could be lower. Consider asking what the delivery and pick-up costs will be so that you know the cost you'll have to shell out. Many companies offer services in certain areas, however you should confirm that the company will deliver and pick up the dumpsters close to you. Some companies may have one-time rental limits.

The cost of hiring the dumpster is determined by several factors which include dumpster sizes, rental time as well as dump costs and the location. The availability of multiple quotes can help you determine which dumpster size and type would work best for your task. Many companies

offer discount packages for certain groups, so you need to ask about these when making your decision. Also, you must take note of hidden fees or additional charges that could influence the final cost.

The cost of a 10 or 15-yard roll-off dumpster varies based on the size and the type of project. Rent prices can vary from \$25 per day to \$1,200 for a month. The monthly rental service is usually priced at a lower cost, and a lot of companies provide discounts for additional days. The price of renting a dumpster is \$380 per month, however the exact price will depend on the kind of job you're working on as well as the amount of trash you produce each week.

You can also locate dumpster rental prices near me by looking up local businesses and sites online. There are also convenient disposal services available online. Trash Bandit, for instance, sells dumpster rentals close to me. If you're not sure of where to get a rental be sure to consider the benefits and costs of using this service. It's not expensive, however they could become costly over time. Finally, you must be aware of your budget since dumpster rentals aren't always the best way to get rid of waste.

Dumpster rental prices in my area will not cover the cost of disposal, which can be anywhere from \$40-\$65 per ton. The size of your dumpster and the length it must be dropped off will influence the total cost. Most dumpster rental businesses offer no cost estimates, however, you should be aware that this may not include the fee for disposal. If you opt to dump hazardous waste on your own this will cost you another \$40 to \$65 per ton.
