

This questionnaire has been created to help me understand your accessibility and needs in an online learning community. Thank you so much for filling this out.

Do you have access to Wifi in your home? If not, how might you complete work for courses that require Wifi?

Do you have access to a computer, or a table that you can use for course assignments and meetings?

Do you have access to Netflix and Amazon to view films?

Is there anything happening in your life that you would like me to be aware of that might impact your success in this course?

What are your strengths as a student? What areas do you anticipate you might need to improve?

How might your strengths as well as opportunities for growth as a student impact you as an online student?
