At the pond near
the Castle Gate
the Lonely Lions
meets their
friend, **Sarasota**
Snowbird. She
flies south to
Florida to leave
the snow in
winter. She fights

to stop pollution to make our water safe and clean. The
Stony Lonely Lions introduces you to Snowbird and you
all become friends.

Snowbird is a
Secret Super Hero.
She can change

from a little bird to a **Mighty Circus Elephant** the who is not afraid of anyone.

Secret Castle Map - Walk left from Gate #1 to the Dwarf Garden #12, then to # 5 the Circus, and then to # 8 the Castle Ca'd' Zan and the Big Beautiful Blue Bay.

Sarasota Snowbird tells you that **The Evil Pirate King Red Tide** and his **Purple Polluting Pirates** will conquer Castle Ca'd' Zan to make it a nasty garbage dump. They will pollute the Big Beautiful Blue Bay with **Red Tide** to make the beach smelly so the animals and people will leave.

You and your friends are called ***The Four Amigos.***

The Four Amigos decide to recruit an army to stop the ***Evil Pirate Captain Red Tide*** and his **Purple Polluting Pirates**.

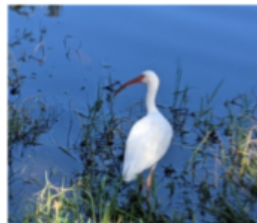

You lead the Army with help from Davy and Snowbird.
You lead them through the Castle Gate #1, turn left,
and walk to the Dwarf Garden #12 to find more
soldiers.

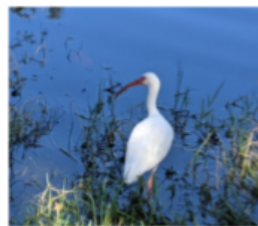

There are many gnomes in the Dwarf Garen. **Gnarly Gnome** lives there. He gets in trouble because he does not listen and makes a lot of noise.

But he will be a brave soldier and he joins your army.

This Gnome would be a good fighter. He causes a lot of trouble but is a US Marine and glad to help you fight the pirates. He joins your army. You can name him if you wish.

The Four Amigos

She is a brave gnome and she volunteers to join the Army to Stop the Evil Captain Red Tide. She is very smart. Together they are a good team. You can name her if you wish.

You go to the pond next to the Gnome Garden. You find **Momma Turtle** with her baby **Tommy Turtle** on her back. She is

sleepy, lazy, and wise. She likes to swim around with her baby **Tommy Turtle** on her back. She is brave and will help fight Red Tide. She leaves the baby with his aunt so he will not get hurt in the battle.

You lead your growing Army to the Circus Big Show Main Entrance. It is a museum about the circus. There are many possible soldiers there.

There is a wonderful very large model of the circus, with trains and circus tents and many small people. Many of them join your Army. They are small but very brave.

There are many interesting things in the circus and lots of recruits for our Army.

More and more people and animals join our Army keep Red Tide out of our Big Blue Beautiful Bay.

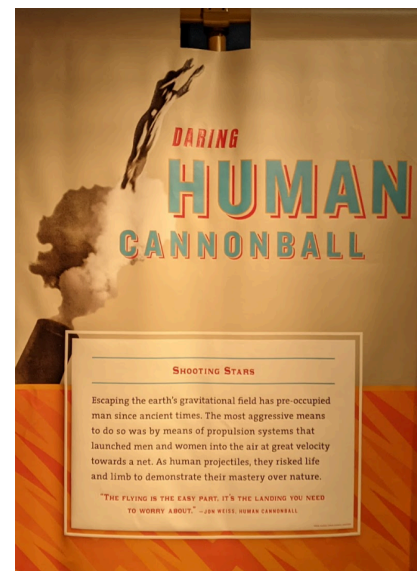

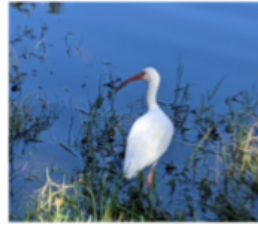

There is a man named Circus Tightrope Rider who can ride a bicycle on the tightrope which is very high. He will be a great soldier because he is very brave.

In the Circus Museum you see an enormous cannon which can shoot a person out of the cannon. Gnarly Gnome volunteers to be shot from the cannon. You take the cannon. It will help you in the battle.

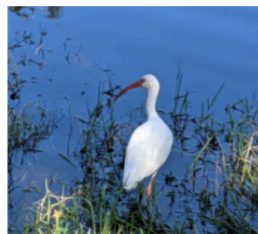

Every Army can use a huge circus elephant. Gunther the elephant agrees to join our Army. Gunther has can turn pink when he is angry.

The Museum has very big carriages from the Circus. We will take one to carry our supplies and soldiers. Gunther the Elephant can pull the wagon and the Cannon. He is very strong.

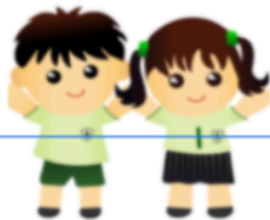

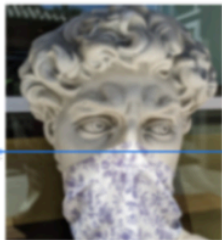

Our last recruit by after we leave the Circus is Larry the Lion. He is very brave even if he is a sourpus. He joins our Army.

You lead your big Army through the Big Banyan Woods towards the Castle and the Big Blue Beautiful Bay.

This is a very good place to fight the Pirates - they cannot see you in the Banyan trees.

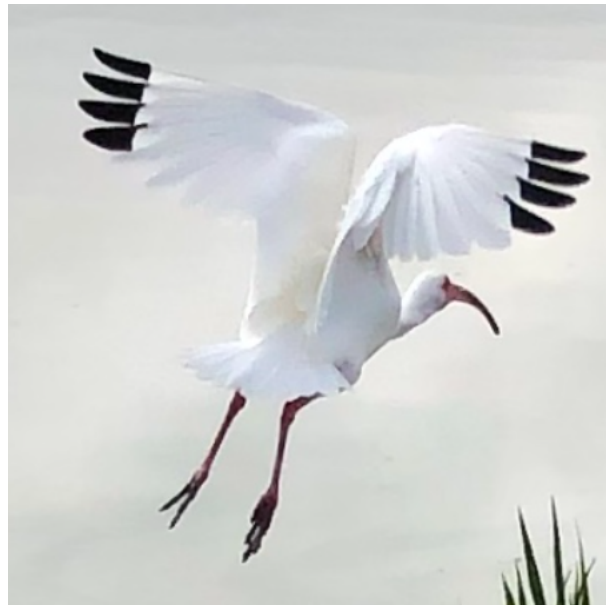

The Mighty Army

Now we are ready for the battle. The Evil Pirate Captain Red Tide and the Purple Polluting Pirates have never seen an Army this strong.

You send Sarasota Snowbird to fly to see where the Pirates are located. They are on the Big Blue Beautiful Bay getting ready for the attack.

On To The Castle !

You lead your Army to the Castle Ca' d'Zan and to the Big Beautiful Blue Bay. **Davy** and **Sarasota Snowbird** help you to keep your Army brave. The Pelicans are dive bombing the fish in the Big Beautiful Blue Bay. You ask them to dive bomb the **Evil Captain Red Tide** and his **Purple Polluting Pirates**. When the pirates come you lead your Army to all jump up and down, raising your hands and shouting very loudly three times, ***“Run Away, All Purple Polluting Pirates!!”***.

The Pirates sail away in a panic, never to return. You and your Army are very proud. You are welcomed into the Castle Ca'd' Zan. It is very beautiful and everyone is glad that you and your Army saved it.

You and Davy and Sarasota Snowbird and all your Army are awarded medals and a Circus Parade.

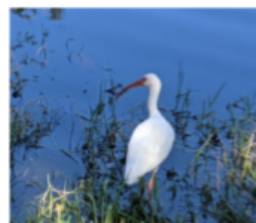

After the Battle
you can go to
the Banyan
Cafe to
celebrate. If
you are not too
tired from the
battle you can
play at the
playground
next to the
Banyan cafe.

You are a hero. And your Army was very brave. You
thank Davy and Snowbird and all your soldiers. You all
say goodbye and will be friends forever.
