SCRIPTS

MARRIAGE SCRIPT

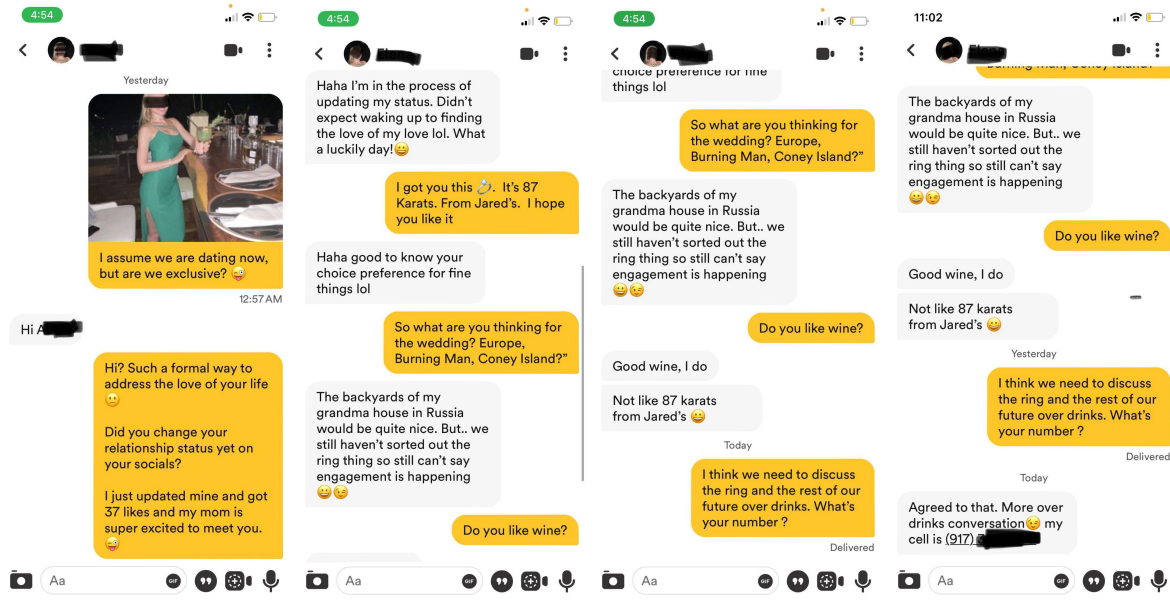

Watch this first - <https://youtu.be/rSt561EJUIM>

- Following up on the app example:

Another example:

- The key is to understand the psychology first before simply cutting and pasting the lines above. If you do what most guys do and simply start firing off the lines you'll miss out on the key psychological elements of why this script works so well.
- The mistake almost everyone makes is using the wrong lines at the wrong times. Even though it will still probably work to get her number, you'll end up with a less than invested girl who is likely to ghost or flake.

- To maximize your chances of winning first study all of the examples below. You'll see almost all of the possible responses and how we handle them. Read them three times each and you should be ready to start to deploying.
- <https://members.innerconfidence.com/orange-belt/online-dating/tinder-marriage-roleplay/>

The Lines - Here are all the lines from the script. Our suggestion is to create keyboard shortcuts in your phone to save yourself a ton of time from writing these out each and every time. Also, don't change the wording, they are optimized and you're only gonna make them worse!

Step 1: Openers:

- We both swiped right, does this mean we're exclusive?
- So... does this mean we're exclusive?
- I assume we're dating now, but are we exclusive?

If she doesn't play along and just says "Hi", "No" or "Haha/lol"

- Hi?! That's not the excitement and greeting one would expect from his exclusive girlfriend.
- No?! What do you mean? We both liked each other and I figured things were getting serious, so I changed my status to "in a relationship with Julie" and got 37 likes. Am I moving too fast?
- "Haha" is your response? We matched so I figured this was serious and no laughing matter so I changed my status to "in a relationship with Julie" and got 37 likes. Am I moving too fast?

If she says "does this actually work for you?"

- I've gotten married 5 times this week, so yes. The divorces are the problem so would you keep the dogs or would I?
- I am not sure if it works with girls that like yoga, dogs, and dancing but you tell me.

If she is still being lame and insulting you:

- So would you prefer to have a very logical and straightforward conversation about what we're each looking for in a partner, what political views I have and how many children I want? Because that sounds super fun and a great way to get to know someone's fake online representative.

If she doesn't respond:

- Not much of a talker I see... I like that in a woman

Step 2: Absurdify

- We matched so I figured things were getting serious, so I went ahead and changed my social media status to "engaged to Chelsea." I got 37 likes and my mom is super excited to meet you. Am I moving too fast?

Step 3: Wedding Plans

- Let's talk wedding... summer or fall, Europe, local or Burning Man?

- "By tomorrow I'll have the wedding registry finalized. I'm assuming you're good with only gifts from AutoZone, Bass Pro Shops and GameStop?"
- "Ok what about the honeymoon? Vegas is always an option if you finally kicked that nasty gambling habit we've had you in therapy for all these years."

Step 4: Ring

- You better say yes (ring emoji) 7 carats, I went to Jared.

Step 5: Close

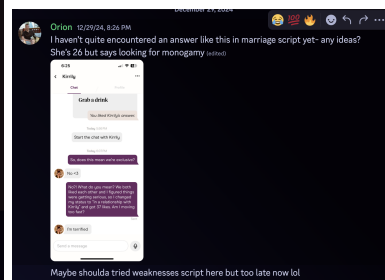

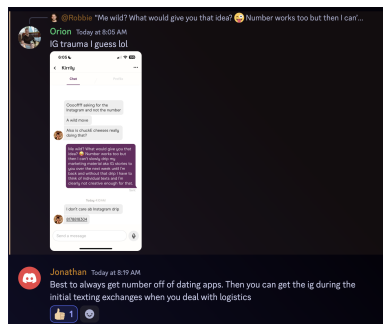

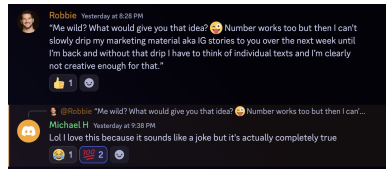

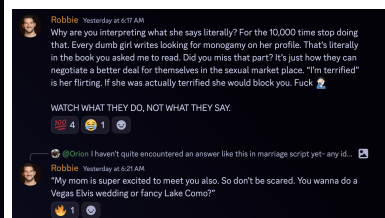

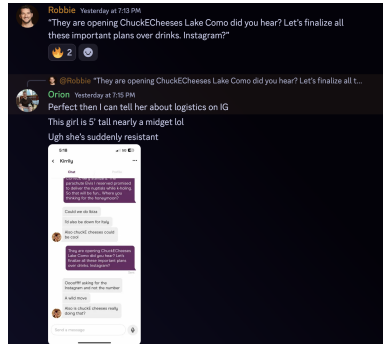

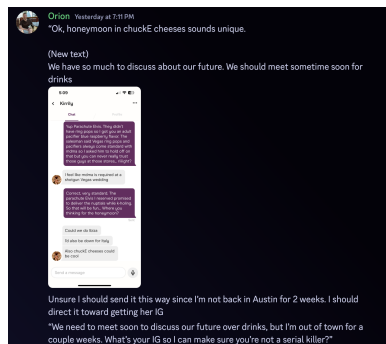

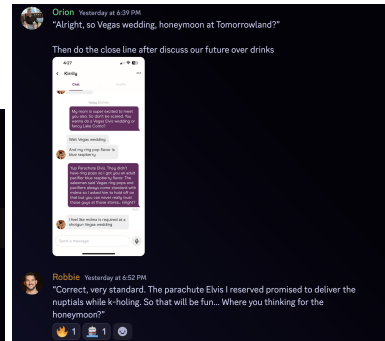

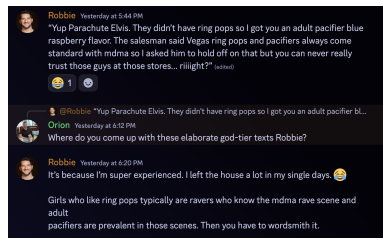

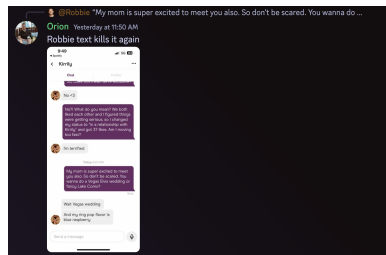

- Ok, we better meet to discuss our future, number?
- Ok we need to finalize the divorce... I'm giving you the kids and our family home I'm taking the lake house, cars and the dogs, deal?

Step 6: Your First Text on SMS or Instagram

- Hinge Fiance Robbie here.
- Bumble divorced spouse Robbie here.
- Raya stay at home fiancé Robbie paging workaholic Jessica.
- When are you free?

LAST EXAMPLE: MASTERFUL BANTER (CREATIVITY VS. CUT/PASTE)

WEAKNESSES SCRIPT

- You: I noticed something particular about your profile...
- Her: what?
- You: That you seem to have a few of my weaknesses (thinking emoji)
- Her: what are your weaknesses?
- You: (list 5-6 qualities you like in a girl, some physical, some personality. Can throw in a funny one) Ex: Petite, adventurous, cute smile, etc.
 - List of weaknesses: Petite, adventurous, feminine, cute smile, submissive, possible nice booty, doesn't take herself too seriously
- Her: Wow spot on, that's me!
 - [If she doesn't respond as expected, you can nudge her to do so with "On a scale of 1 to 10 how accurate are these? If you say less than 7 I know you're lying, nobody likes a liar"]
- You: "How many would you say you have?"

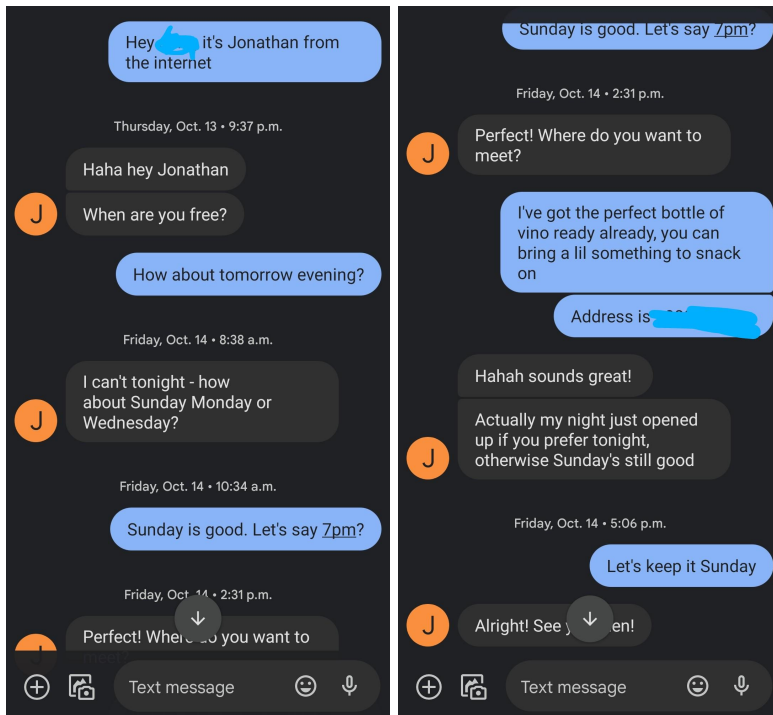

- Her: <something>
- You: "I'll be the judge of that". "Do you like wine?"
- Her: Love wine :)
- You: We should split a bottle sometime soon and confirm those weaknesses in person (SOFT CLOSE)
- Her: Let's do it
- You: Cool, what's your schedule like? (LOGISTICS - PART 1 of HARD CLOSE)
- Her: Free Monday and Wed nights
- You: Monday works. Shoot me your number we'll sort out the details (PART 2 of HARD CLOSE)

- Examples:

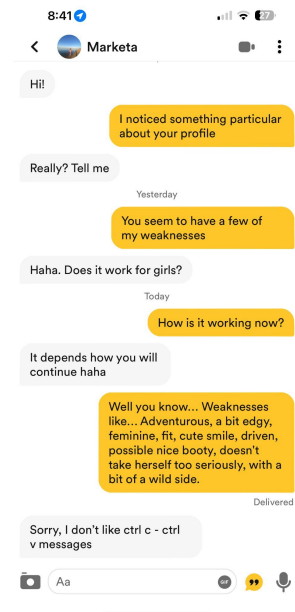

- Following up off the app example:

She accuses of ctrl C/V: (cutting and pasting)

As annoying as it is getting obvious cut/paste messages from guys it's equally annoying that most attractive women simply use online dating for validation with no real intention of ever meeting up. So I'd be a fool to not copy/paste in the beginning. I think you won this round, unless you think this is also ctrl c/v 😏

Variations on Weaknesses Script:

- I love your mischievous smile.
- You seem nerdy yet classy. Just my type. ;)
- You've got a very cute yet mischievous smile, and you could start a cult with those eyes.
- If she asks how you could tell all of it from her profile - "it's in your eyes."
- If she says she has none of those weaknesses - "So you're not adventurous, masculine, out of shape, confirmed bad booty, heavy hearted, dull, with a bit of a tame side?"

PSYCH ANALYSIS SCRIPT

Only relevant if you have the "You should leave a comment if... you want a psychological analysis of your profile" prompt and she asks about it.

- She asks about it:
 - "It's more of a mid-convo thing, but I do have a few initial ideas about you if you're interested..."
- I change my follow up, but it always has a bit of push-pull, like this example:
 - "You're cute but with a bit of a dorky side. Adventurous, cheeky with a bit of sass. Into dominant men who know what they want" (or "dominant men with great oral skills")
- After this, pivot to a bit of banter for a few messages before soft closing. One that works well is:

- **“So what else should I know about you? Any kids, tattoos, criminal history? The Office vs Friends?” (can replace Office/Friends with another cultural reference - whichever she picks you’ll disagree with later in this script)**
- **Then if she says “what about you” you can say “17 kids, a butterfly tramp stamp, and 10 years in jail for stealing the mini shampoo bottles from the hotel once”. Otherwise skip to the next step**
- **“This friends/seinfeld debate isn’t over. Do you like wine btw?” (can replace wine with a cocktail of choice)**
her: “yes” you: “let’s split a bottle sometime soon and settle this”

TYPES SCRIPT

(Don’t use unless you’re in the top 10% of attractive male profiles, if she doesn’t find you exceptionally physically attractive, she won’t give a shit what your type is.)

1. You: You’re just my type.
2. Her: What’s your type?
3. You: Adventurous, nerdy and sweet, with a bit of a wild side. Sound like you?
4. Her: Sounds like me.
5. You: Then my intuition was correct. ;) And I’m also sure that I’m your type.
6. Her: Oh yeah, what’s that?
7. You: Charming, dominant, sweet. Adventurous, with a big... personality 😊 ... and sense of humor of course.
8. ... Lead the conversation towards confirming these types in person...and soft/hard close.

Other possible responses from her (line 4).

- Her: But are you mine?
- You: I am, don’t worry. 😊 I know exactly what your type is. (Follow up with line 7)
- —
- Her: I don’t have a type.
- You: I’m sure I could narrow it down to a few key things though. Like, certain things that you’d absolutely want in someone you’re attracted to... (Follow up with line 7)

Variations on Types Script:

- Your type: Sweet, adventurous, confident in what she wants, classy but down to earth. With a tiny bit of a wild side.
- If she does describe her type during this script: “Ah, so basically describing me then. You're such a charmer. 😊 Seems like we'll have a great time on our romantic date then.”

Warning - High Octane Asshole Openers/Responses:

- "I see that you have a lot in common with every girl on planet earth, the intrigue is killing me"
- "Ugh, told myself I would never date a french girl, but your profile is too good. And no, I'm not dumb dumb American, je suis francais aussi. Bon, plus American, mais Ive spent 2-4 mos with my family in France my entire life. If we go out, do you promise not to be a pain in the butt:)"
- "Ahhh going for the ol "get em with looks" profile I see" "interesting profile strategy.
- Were you a hipster in your last life?"
- "Do you also like laughter, nice people and music? Who doesn't like these things, how could anyone know anything about you based on your profile. You need an online dating profile coach"

(Be prepared for massive shit tests to follow)

BANTER

- **She asks me any variation of “how's it going”:**
 - Good, finished a killer workout, looking nice and jacked for our date (use “fit” for ESL girls). **Robbie thinks this is cringe so use your best judgement**
 - It's been amazing! Went to the gym, made my famous carne asada, bit of time travel, now finishing up some work for the morning.
 - Fuckin amazing!! Chilling on my romantic patio with a glass of wine
 - Good, cooking some Mexican food / steak / sushi / pasta / pizza, hbu?
 - Just ate some donuts for lunch. Dentists hate me ;)
 - Nothing a few beers can't solve later ;)
- She's messaging me after 11 pm: "What are you doing up past your bedtime?" or "someone's up past their bedtime."
- She has a pic with glasses: "I like your sexy nerd glasses"
- She is from somewhere that has an accent:
 - "Please tell me you still have that sexy xx accent"
 - "Do you still have that sexy xx twang"
- She compliments you: "Starting to make me blush now"
- She implies she's busy
 - "Am I distracting you with my charm?"
 - "Am I distracting you with my handsomeness?"
-

RAPPORT BUILDING

- "So what do you do for fun, [Name]?"
- So give me the basics. Tattoos? Kids? Ever been to prison?
- Any tattoos, crazy exes, superpowers?
- Tattoos? Piercings? Crazy ex bfs? Superpowers? Fantasies?
 - Answer absurdly: "17 kids, a butterfly tramp stamp, and 10 years in jail for stealing the mini shampoo bottles from the hotel once."

SCREENING:

- "What are you looking for on here?" (This is only recommended you have somewhat of a sexual profile and are in a western country)
- Are you an adventurous person?
- Are you good at cooking?
- Are you good at _____ ?

SOFT CLOSE VS HARD CLOSE

- Questions leading into soft close:
 - “Do you like wine?”
 - “What do you like more, wine or sushi?”
- Soft close:
 - “Perfect we should split a bottle sometime soon”
 - “Let’s split a bottle [and see what happens]”
 - Good, come join me for a glass”
- Figure out her schedule. “What’s your schedule like for ... ?” (Optionally do this after getting her number).
- Then hard close.
 - “Shoot me your number and we’ll figure out the details.”

When you feel a same day / night close is possible:

- You feeling adventurous tonight?
- You feeling naughty tonight?
- Feeling spontaneous?

HARD CLOSING

- Shoot me your number and we’ll figure out the details.
- Shoot me your # and let’s plan a day.
- If she suggests Snapchat: “Shoot me your number instead. I barely ever check snapchat. I don’t want to end up snapzoning you and never meet up”
- Let’s talk more in person. Text me [leave your number]. Or if you’re shy or old-fashioned, send me your number and I’ll text first.
- Shoot me your number so our love doesn’t die.

INITIAL OFF-APP TEXT:

- “Hey its [your name] from the thing”
- “Hey its [your name] from the internet”

IF SHE DOESN’T RESPOND TO YOUR FIRST TEXT

- Send this message on the app: “Hey the brutal emotional damage of you not returning my text cost me \$500, venmo me at <phone number>” (if outside US replace venmo with paypal or whatever makes sense in your area)

CONFIRMING THE DATE

- "hey still good for tonight".
- "See you tonight. Look good...So we match ;)" (If I haven't texted her in 2-3 days you can send this around 1pm)
- "Running a few behind" (You can send this 30 minutes before the date. If she doesn't reply, super likely she's flaking.)
- "Hopping in the shower, text when on the way" Same Day Meetup / straight to house date. When it's about 20-40 minutes before the agreed upon time, if she hasn't texted you yet that she's on the way or getting ready to leave, text her "Hopping in the shower, text when on the way"
- If you set a date more than 5 days out, text her every 2 or 3 days with a meme or a ping text. Resist the urge to make small talk or ask her "get to know you" style questions after you've hard closed.

OBJECTION HANDLING (especially for straight to house dates):

- If you're concerned, you can bring pepper spray, but I'm pretty laid back haha
- I gave up serial killing for lent.
- Yeah we should probably meet in a public place first to make sure you're not a creepy serial killer.

DEALING WITH NON-COMMITTAL GIRLS OVER TEXT AND IN APP:

There are 5 options for non-committal girls, and the one you choose is dependent on the situation. Do not try to close on a girl until you have identified which of the below is applicable and you start getting compliance again:

1 - Address an emotional concern (be sure to identify this correctly before advancing):

- "Stranger danger?"
- "If you're too shy I totally understand"
- "Concerns?"

2 - Address a logistical/scheduling concern:

- "Totally understandable, I'm busy too. But I'm sure we can both find an hour in our schedules this week to grab one drink and have a few laughs while getting to know each other"

3 - Romanticize:

- "too bad you're working, considering that I had something particularly interesting in mind for us this week..."
- Her: what?.
- You: "You. Me. A bottle of vino. Laughing, silly stories. Building chemistry. Cuddling. If we like each other, we start whispering cute things in each other's ears. More giggling. Neck kisses. I put my big hand on your cheek. Pull you in close. So only our lips touch slightly. But not kiss. You beg for it, to feel that kiss. I don't give it to you. Until..."

4 - Sexualize:

- "Too bad, you'd have looked great tied up to my bed".
- If she's being bratty, you can use the bratty spanking lines to sexualize and lead into a BDSM roleplay

5 - Be genuine and call it out:

- "If you want me to stop trying, I can".
- Then if needed after a few more days: "Alright I'm gonna try to move this forward one last time. And then I'm done. Which night works best for a quick drink to see if we have chemistry?"

BONUS (hybrid of 4 and 5):

- "I can't decide if you're just being bratty or if you would prefer I just stop trying"

SHE ASKS WHAT ARE YOU LOOKING FOR?:

- Looking for a cool girl I have chemistry with. Something casual at first but open to something more with the right person. But definitely not into meaningless hookups anymore.
 - If it has gone sexual, add "Kinky sex and cuddles."
- Hm, a cute, smart, worldly and feminine girl I have chemistry with. A great kisser who likes to cuddle. Something casual at first but open to something more, hopefully involving travel and adventure. Definitely not into meaningless hookups anymore.
- Looking for a cool girl I have chemistry with. Adventurous. Truth be told, I'm a sucker for cuddling and watching movies. Kinky sex and cuddles, with a genuine connection. Open to more down the road but I don't have any expectations. You?
- I'll be honest, I'm looking for a woman who's a little more intelligent than most of the women on here. Do you ever get into philosophy or psychology?

DATE DESCRIPTION:

In some scripts, where she's loving that you're dominant or the "wild side" vibe is strong you can lead the conversation towards describing what the date will be like...find a connection point and say "Seems like we'll have a great time on our romantic date then." Proceed to describe the "romantic date."

Example 1:

You and I having wine. Cuddles, back rubs, seductive whispers. A few light neck kisses. Vibing and building chemistry. If we like each other, I'd grip the hair on the back of your head and bring my lips close to yours. Let our lips touch but not kiss...let you beg for it...

Example 2:

You and me grabbing wine. Cuddles, neck kisses, whispering cute stuff to each other. Building chemistry. If we like each other, I'd grab your face by gripping your hair. Get it close to me and only let our lips touch but not kiss. You'd beg for it. To feel that kiss. I won't let you.

She asks you to continue:

I'd grip your hair even tighter. Pull it to one side. Kiss all over your neck. Breath on it while you're caressing my back. I'd grab both your hands with one. Pull them behind your back while still holding you

Example 3:

Then we'll do you and me, wine, vibing and building chemistry. Laughing. Whispering fun things to each other. Possibly neck kisses, definitely **dessert**. Something like that.

She asks "And after dessert?" (Use with caution - only if she seems open to stronger sexualization)

After dessert, I'd take you by the hand and walk you towards my room. Then, before we get there, I'd pin your hands above your head and brush your lips with mine, but wouldn't kiss you. I'd work my way down your neck, nipping at your collar bone, teasing you. Building that tension in your stomach, with my body pressed up against yours, so you can feel me growing against you, bigger...stronger...harder. And then, when you can't take it anymore, and only then, I'd kiss you, thrusting my tongue inside you, so you can taste me.

Example 4 (if the innocent vibe is strong)

Me, you and a glass of wine, vibing, flirting, building chemistry. If we like each other I'd whisper cute things in your ear...

DOMINANT/SUBMISSIVE

She asks if I'm dominant or about me having dominant in my profile.

- Absolutely. Are you good at being submissive?

She pushes back on being submissive:

- You basically answered my question. Strong and independent in the streets, submissive lover in the sheets. Seems like we'll make a good match then.
- Good, I like a strong willed woman. At least on the streets. But behind closed doors it'd be a different story.
- Of course! You have a dominant personality and are quite confident in your day to day life. But, behind closed doors, you want something different.

RESURRECTION TEXTS

- Don't think too hard...
- Not much of a talker, I see. I like that in a woman.
- And the award for best texter goes to...
- Are you always this talkative?
- Speechless already?
- If you're nervous, I understand.
- If you're shy, I understand.
- Uh oh, radio silence. You fell in love, or do I need to throw on my cape and tights to come rescue you?
- Dear diary, cute girl vanished, should I send a search party?
- Today's headline: cool girl from Tinder last seen [Call back from our last conversation]..... gone missing. Should I send the search party?
- Did I lose you to the Tinder abyss of dirty mirror selfies and fishing trip photos?
- Is this our first fight?
- Did we break up? If so, I want my Justin Beiber records back
- **Revival after sexualizing:**
 - "If you're too shy, we can talk about cartoons instead."
- **She says she doesn't check the app very often:**
 - "I understand. These apps can be a pain. Why don't we move to text - shoot me your number."
- Are you ok?? + funny GIF

HAIL MARY TEXTS

- "I'm curious"...(let her respond) - "I'm certain about the answer to this. But I take it you enjoy dominant men?"
- Look [her name]! You seemed quite fun and adventurous and may just be my type. I'd love to grab drinks and see if there's chemistry. But if you're just not interested, lmk and I'll stop trying.
- So hey. You seemed quite fun and just my type. I'd love to grab yydrinks and see if there's chemistry. I know it's hard to keep track of messages on this app... text me at +_____ so we can schedule a day.

SEXTING (Don't use these without approval in Discord!)

- Good. I'll tease you nice and good with my cock.
- You have those innocent looking fuck me eyes. Makes me weak in the knees.
- First I'll tease your pussy with my tongue, tracing from outer lips to inner, slowly up to your clit. I'll work your clit faster and harder with my tongue as I hit your G-spot in the same rhythm. After you come I'll throw you face down and tease your dripping pussy from behind until you beg. When you can't take it any longer, I'll thrust into you mercilessly, one arm around your neck, the other gripping your ass.
- Imagine me ripping off your lingerie. Getting you to stand straight in front of me as I assess your body. I grab you by the back of your hair as you lose breath. I take my hand and run it all the way from your upper thigh to your tits as you continue to stand up straight up for me like a good girl. I tie your hands behind your back. And kiss the back of your upper thighs. I lightly tease your soaking wet pussy with my tongue. I drive it inside as you moan and quiver. I spank you everytime you move to correct your behavior then.... (I should probably stop now)
- Me grabbing your hands, and pinning them above your head, as I tease your lips with mine, and slowly move down towards your collar bone, biting you along the way

RETENTION TEXTS

- That was fire.
- Hey so this is the obligatory "Hey I had a great time on our date" text... no but seriously I did, lol

RANDOM BUCKET:

If she doesn't drink alcohol

- "It's okay, I'll be sure to get you a little sippy cup then."
- "Ahh so you're only into the hard stuff I guess, I know a joint that serves crack, meth, heroin. It's right underneath the highway and with enough notice I can probably get us a reservation."

She says she's shy:

- "That's ok, I'll lead and open you up, you're in good hands. Shoot me your # and let's plan a day." (Robbie thinks this is garbage)
- "Its cool, I'm shy too but that's what tequila is for... and after you've had a couple drinks I'm much more attractive ;)"

She's offended by something sexual:

- "Didn't mean to offend. I'm just a sexual guy, and don't feel like I should have to hide that. You seem cool, and I figured you had an open mind to things, but we can talk about puppies and cartoons if you'd prefer ;)"

If she flakes, you can pretend you flaked on her if you haven't sent any needy texts, example:

- "Hey I'm so sorry! I ended up on a date last night that ended up going way longer than expected and just woke up! I know we were trying to get together, so I'll try to make it up to you sometime"

Weaknesses Script Revisited

- Noticed
 - I noticed something about your profile/photos
 - #####
 - Your smile portrays a cute innocent girl, but your eyes scream for a dominant man to spank her and make her submit in the bedroom
 - your smile portrays a cute innocent girl, but your eyes scream for a dominant man

- You're cute. Adventurous, cheeky with a dash of sass. Into dominant men, with great oral skills
- ###
- So what should I know about you, any kids? Criminal history? Seinfeld vs Friends? 19 cats? Hobbit feet?
- #####
- I appreciate the honesty. What special skills do you have that would be useful for my criminal enterprise? Can you wear poison lipstick or repel down the side of a skyscraper?
- That you seem to have a few of my weaknesses :emoji:
 - Only one way to find out
 - Do you like wine?
 - Maybe we can split a bottle sometime soon and get to know each other
- I'm thinking a bottle of vino. Laughing, silly satires, Building chemistry, Cuddling. If we like each other, we start whispering cute things in each other's ears. More giggling. Neck Kisses
- I put my big hand on your cheek, my fingers wrap under your ear and behind your neck. I pull you in close, so only our lips touch slightly. But not kiss. You beg for it, to feel that kiss. I don't give it to you. Until...

Analysis script

- *I want analysis*
- It's usually more of a mid-convo thing, but I have a few ideas about you...
- *Try me*
- You're cute but with a bit of a dorky side. Adventurous cheeky with a dash of sass. Into dominant men who know what they want
- You look suspiciously innocent
- Okay, I'll be your boyfriend under 1 condition.
- So, I guess we're dating now?

Reopen

- Laura what kind of trouble are you up to today besides daydreaming about cookie bananas?
- If you're too shy i totally understand...
- Not much of a talker, I see. I like that in a woman."

Advice

- Try a more simple approach. Say you noticed something interesting about her pictures. If she replies throw in a funny cold read. If she is responsive immediately move her to WhatsApp / telegram and send a voice message. Polarize girls in dating apps soon to avoid wasting your time on endless texting.
- If you get a "how was your day", you can
 - If you have a sexual fuckboy profile / no nice guy vibes
 - "Awesome, just got back from the gym, I'll be nice and fit for our romantic date"
 - Otherwise
 - "Awesome, just got back from the gym. So does this mean we're exclusive now?"
 - Or: "I bet you use that pickup line on every guy."
- on the "swipe right if" prompt I usually say: "If traveling to a country you have never heard about excites you more than an all inclusive resort in Cancun swip right ". Notice I polarize women already with my profile. Big mistake guys do on online dating is creating a safe profile that they think would land well with any hot girl. You want it to be a sure "no" for some and a "hell yes" for the type you want to attract. In my case girls who are adventurous, love to travel, have a good sense of humor and a spiritual side. The rest can kick rocks with their fake boobs. I don't have time for them.

Apps

- Major apps, get on all three if you're serious about online dating:
 - Hinge (use the Hinge hack linked to below)
 - Tinder
 - Bumble
- Minor apps
 - Facebook Dating (sometimes randomly good).
 - Feeld - more for BDSM, kink, threesomes, etc
 - Pure
 - Coffee Meets Bagel (good for Asians supposedly?)
 - Plenty Of Fish (waste of time)
 - OKCupid (waste of time)
 - Raya
 - Jswipe (dating app for jewish ppl)
