

## Story

You have just been invited to the *Shivering Withering*, a party hosted by Contajorr's cousin Wheerie to celebrate *The Withering*. *The Withering* is a holiday in the Rhythm Region that commemorates the day (10/31) the tyranny of an ancient darkness was eradicated for good!

## Guidelines

1. This is my *first collab*, so bear with me please :]
2. Make sure to use *#ShiveringWithering* in your entries
3. Everyone is invited, but you have to use a fan made monster you own.
4. Please link a *Google Drive* folder of your monster in the description of your entry.  
(*Dressing up* the monster you use is *optional*, but recommended. If you choose to do so, please add different PNG's of the monster *with and without the costume*)

5. Halloween seasonals or spooky adjacent monsters are more than welcome if that wasn't clear lol
6. All entries must be submitted by **October 20th**.
7. Although everyone is invited, **not everyone** will get in. Please **don't pout** or pull some **childish** shenanigans if you don't get in. I shouldn't even have to say this but I still end up seeing this happen anyway.
