2. Treatment of autism according to the methods of dr. Grabovoi

Autism can be cured using technologies according to the Teachings of dr. Grabovoi.
We concentrate on one of the three numbers, depending on the age of the person affected.

Childhood autism 428.516.3190

Autism 428.516.319017

Autism in children up to 2.5 years 428.516.319017.491

It is also recommended as a necessity to use the numerical string for whole body regeneration 419.312.819.212 and for skin regeneration for faster healing 519.606.901.319.

Attention is also focused on the use of psycho-normalization and the technology of cleaning waste substances from the body - body fluid management.

The articulation of management information is implied in **Yelena Longin's book The Path to Eternity**.

The person on whom the normalization of the condition is carried out can be in the the visible proximity to the operator, or at any distance without visible contact.

3. Autism combined with OCD, ADHD, psychosis, neurosis, psychopathy, etc.
