AMERICAN
HEART
CHALLENGE™

Ms. Ziegenbusch:

On behalf of the American Heart Association, thank you very much for raising *\$1,528.73 with your school's recent Kids Heart Challenge/American Heart Challenge program.

Families and schools are critical links in providing the foundation for cardiovascular wellness in our country. Your support and participation in the Kids Heart Challenge/ American Heart Challenge makes a tremendous impact in helping millions of Americans through increased awareness of cardiovascular disease, lifesaving scientific research and critically needed education efforts.

Thank you for your continued support and dedication to our mission.

Grandparent's Breakfast
Thank you PTO for another awesome grandparents breakfast. We had another great turnout!

Door Access

Miami East Local Schools added door access controls and intercoms to all of our buildings and main entrances.

CHANGES:

- ✓ All exterior doors will be locked during the school day starting January 6th.
- ✓ When coming to any of our main offices, you will need to press the talk button on the intercom located outside the exterior office door.
- ✓ Someone inside the office will greet you and ask how they can help you.
- ✓ Once greeted, we'll unlock the doors so you can enter into the building/office.
- ✓ New handicap door operator buttons were added to all main entrances as well as a new handicapped accessible entrance added to the back of the K-8 Building.

WHY THE CHANGES

- ✓ We felt that making sure we had secure doors is a must for providing a safe environment for our students. The intercoms allow us to have our exterior doors locked while also allowing us to see who is coming to the building and to greet them appropriately.
- ✓ We appreciate your help and support during this process. Safety is a priority for our students and staff while still providing customer service and personal experience for our families and visitors. Thank you.

MEJH is looking for volunteers!

Miami East Junior High is excited to announce that we will be providing our 8th grade students an opportunity to learn a

little about life as an adult. Volunteers are needed in order to make this an impactful activity for our students. On May 19, 2025 all 8th grade students will have the opportunity to take part in a real-life simulation. Students will choose a career, receive a monthly salary, and be invited to make purchases that adults make each month. Stations will be set-up where students can deposit money at the bank, make a house payment, pay for child care, buy groceries, and make other purchases that are typically found in a monthly budget. Volunteers will be provided full information that describes in detail what to do at each station. We would love to utilize volunteers at stations that connect to their area of expertise. Some of the stations that will be set-up for students include the following areas:

Banking	Groceries	Entertainment
Student Loans	Furniture	Pets
Housing	Clothing	Investments
Utilities	Health/Medical	Financial Advisor
Insurance	Childcare	Check In
