Term of Service

Thanks for using the application. For the first time, we recommend reading our full instructions on the instructions tab of the app. IPTV Player Pro is an advanced player that uses M3U and JSON user-created playlists. We do not provide any actual playlists or content. We may provide dummy playlists with dummy contents or open source content with creative common but these are used as samples for the users to a better understanding of playlist formats. This application is designed to use with the user's own or created playlist with legal contents. You are responsible to check your created playlists/contents are legal and you have full rights. We are not responsible for misuse of copyright or third party contents using our software and please check your contents are legal and/or you have rights to use.

By using our application means you accept the above terms and conditions:

- IPTV has no affiliation with any third- party provider whatsoever.
- Users must provide their contents.
- We do not endorse the streaming of copyright-protected material without the permission of the copyright holder.
