

510 Sprints

Jack London Aquatic Center (JLAC)
115 Embarcadero, Oakland, CA 94606
Sunday, March 22, 2026

Hello Coaches,

In order to run a smooth event please share the information regarding parking and logistics with your athletes and families. As a general note, please be smart about parking. Do not leave any valuables visible and follow ALL parking signs, although it is a weekend day the City of Oakland will still be ticketing. Additionally, the roads to the boathouse and surrounding parking areas are in bad shape, drive carefully and be aware of large potholes. Here is a [map](#) with parking information.

1. There is absolutely **no parking** (aside from two handicapped spots, must have placards present) at the boathouse, this is for TRAILERS and JLAC tenants ONLY. **We have space for six trailers maximum.** Please email coaches@berkeleyhighcrew.org to reserve your space.
Parents, and spectators, will have to park on the neighboring streets (Oak, Fallon, 2nd, 3rd, 4th, etc.) or in paid parking lots near Jack London Square (~1 mile walk), listed below. We also recommend using ride shares (Uber, Lyft) or taking public transportation, the closest BART station is Lake Merritt. We will have a "Drop Off" area at the JLAC entrance.
2. **Trailers**, please arrive between **5:00-6:00 am**. Trailers **only** will be allowed in the main JLAC parking lot (marked in red on the map), at the end of Embarcadero, 115 Embarcadero, Oakland, CA, 94606. We anticipate fitting all trailers in this area. Volunteers will be present to assist with parking and we must leave space along the fire-lane for emergency vehicles.
3. **Hospitality:** Trucks and trailers will be allowed to park in the lot west of the boathouse (marked in blue on map), as space allows, please follow directions from volunteers. There are picnic tables on the east side of the field that can be used to set up food tents.
4. **Staging and rigging:** Will be on the grass field west of JLAC (marked in green on the map). It is a public area, be respectful of others using the space. Additionally, keep the noise level down as there is a residential area across from the field.
5. **Bathrooms:** There will be port-a-potties located on the rear side of Jack London Aquatic Center (facing the water). The two port-a-potties in the fenced-off area next to the boathouse are for JLAC tenants ONLY.

6. **Disposal:** Dumpsters are located behind JLAC and some trash cans are spread throughout Estuary Park. Be responsible and leave the area cleaner than you found it.

7. **Race Viewing:** Family and friends can view the race from several areas. The finish line is at the Estuary Park Pier, just past the boathouse. Another excellent viewing space is Township Commons/Brookly Basin, this area is located around the halfway mark of the race. Here is a [map](#) with both locations

Jack London Square Paid Parking Garages:
