

BRE eLearning Day Document 2025-2026

Snow Day #1

Date _____

Student Name _____ Grade: 3rd

Select one activity to complete in each column. When you complete the activity, cross it off. Please sign this document and return it to your child's teacher within 48 hours of the snow day or on the first day back to school. Time expectations: K-2 will spend an average of one hour on activities and students in grades 3-5 will spend an average of two hours on activities. Last updated: 08/25/25

3rd Grade - BRE eLearning Day Document			
Language Arts	Math	Science & Social Studies	Music & Gym
Attended Language Arts Zoom	Attended Math Zoom	Call a friend or family member and interview them about their experiences in 3rd grade. Write down their answers!	Complete 1-minute of each exercise: high knees, butt kicks, jumping jacks. Complete 30 seconds of each exercise: push-ups, sit-ups, burpees.
Grab a warm drink and cozy up with a good book!	Play Multiplication Top-It. You need a deck of cards. Deal out all cards. It's like playing WAR but instead you take the top 2 cards from your deck and multiply them together. The highest number wins the hand. Winner is the person with all of the cards or the most after 15 minutes.	Ice Experiment! Put 4 pieces of ice into 4 bowls. Add a teaspoon of salt to just 2 bowls. Put one salty bowl and one plain bowl outside. Keep the other 2 inside (one salty, one plain). Time which bowls of ice melt the fastest and record your findings.	Have a SAFE snowball fight or build a snowman with your family!
Which is Better, Gloves or Mittens? Write an Opinion paragraph with at least 5 sentences telling which is better and why.	Telling Time Worksheet: Write the Time	Feel your own heartbeat: Take your pulse by placing two fingers on the side of your neck under your jaw bone. Feel around until you feel a steady beat under your fingers. Then, set a timer for one minute and count how many times you feel a pulse.	Create a secret handshake with someone in your home that uses a steady beat. Count to 8 while you do the handshake to make it 8 beats long.
Make a list of 10 ways you can show respect to someone.	How many different 4-digit numbers can you make using the digits 1,3,6,and 9? Order your numbers from least to greatest. Then, write 3 inequality statements using (< or >) with your numbers. What is the difference between the largest and smallest numbers you made?	Fire Escape Plan! Create a fire escape plan for your home. Draw a map of your home. Be sure to include all windows and doors. Determine which way would be the best way for you to escape during a fire. Share 2 ways to exit your house in case of a fire with a family member.	Use a wadded piece of paper and practice underhand/overhand throwing into a trash can or clothes basket using the proper technique.

Language Arts	Math	Science & Social Studies	Music & Gym
Read a book or chapter and draw a picture of what you read and give a summary of what you read.	Write 2 story problems about a road trip using miles as the unit. Show how you would solve them!	Create a timeline of your life including 5 important events and the things you hope to accomplish by 2033.	Sing a song you learned in music class.
Read a book or a chapter. Write one complete sentence about each character.	Make a menu for a Hot Chocolate Stand. What are the prices? Make up an order and find the total.	Text Detective Worksheet: Malala Yousafzai	Balance on right foot for 30 seconds, left foot for 30 seconds. Repeat 4 times. To make it more difficult, try balancing with your eyes closed!

Snow Day #3

Date _____

Student Name _____ Grade: 3rd

Select one activity to complete in each column. When you complete the activity, cross it off. Please sign this document and return it to your child's teacher within 48 hours of the snow day or on the first day back to school. Time expectations: K-2 will spend an average of one hour on activities and students in grades 3-5 will spend an average of two hours on activities. Last updated: 8/25/25

3rd Grade - BRE eLearning Day Document			
Language Arts	Math	Science & Social Studies	Music & Gym
Attended Language Arts Zoom	Attended Math Zoom	Using a map of the United States and the world, point to places you have traveled. Write one paragraph explaining your favorite trip.	Complete 1-minute of each exercise: high knees, butt kicks, jumping jacks. Complete 30 seconds of each exercise: push-ups, sit-ups, burpees.
Read for 30 minutes.	Color by Code: Subtraction Worksheet	Locate a first aid kit at your home. What's inside? Choose one item and write about how it could be used to help someone.	Design and draw a new musical instrument.
Reading Passage and Questions: Bird's Don't Live in the Air	Write a schedule of your day with times included using hours and minutes. Figure the amount of time spent on 2 activities.	Build the highest tower you can using legos, play doh, notecards, or any other objects you find around the house. Write a paragraph explaining your strategy and how you got the tower to stay standing.	Sit-Up Challenge: How many sit-ups can you do in 2 minutes? (Breaks are allowed!)
Read a picture book at home and draw a picture of the main character.	Multiplication Uno: Play with a partner. Draw 2 Uno Cards and multiply them together. The first person to answer wins that round. The loser must take the cards. The person with the least amount of cards by the end of the deck wins!	Tonight, if the sky is clear, go outside and look at the night sky. What do you notice about the stars? Can you find the Big Dipper?	Choose 4 of these exercises and complete: 20 Jumping Squats, 1 Minute Plank, 25 Push-Ups, 20 Burpees, 25 Sit-Ups, 20 Jumping Jacks
Choose a phonics pattern. Then read a book and write down the words that follow that pattern. Possible patterns to choose from: silent-e, ee, ea, ai, ay, ew, ue, ui, oa, ow, ar, or, ore, er, ir, ur, air, are, ear, au, aw, oi, oy.	Write a schedule of your ideal vacation day with times included using hours and minutes. Figure the amount of time spent on 2 activities.	Interview and friend or family member about their first job. Ask them about where they worked, what they did, and if they enjoyed it! Record their answers on a piece of paper.	Play a game of "Name that tune" with someone in your house: Someone hums the tune and the other guesses. Play at least three rounds.

Language Arts	Math	Science & Social Studies	Music & Gym
Read a book. Write down words you may not know the meaning to. Look up the words in a dictionary or online to learn the meaning.	How many different 5-digit numbers can you make using the digits 6,4,7,and 2? Order your numbers from least to greatest. Then, write 3 inequality statements using (< or >) with your numbers. What is the difference between the largest and smallest numbers you made?	Text Detective Worksheet: The Iditarod	Ask an adult what songs they sang when they were your age. Do you know any of the same songs? Can you sing one together?
